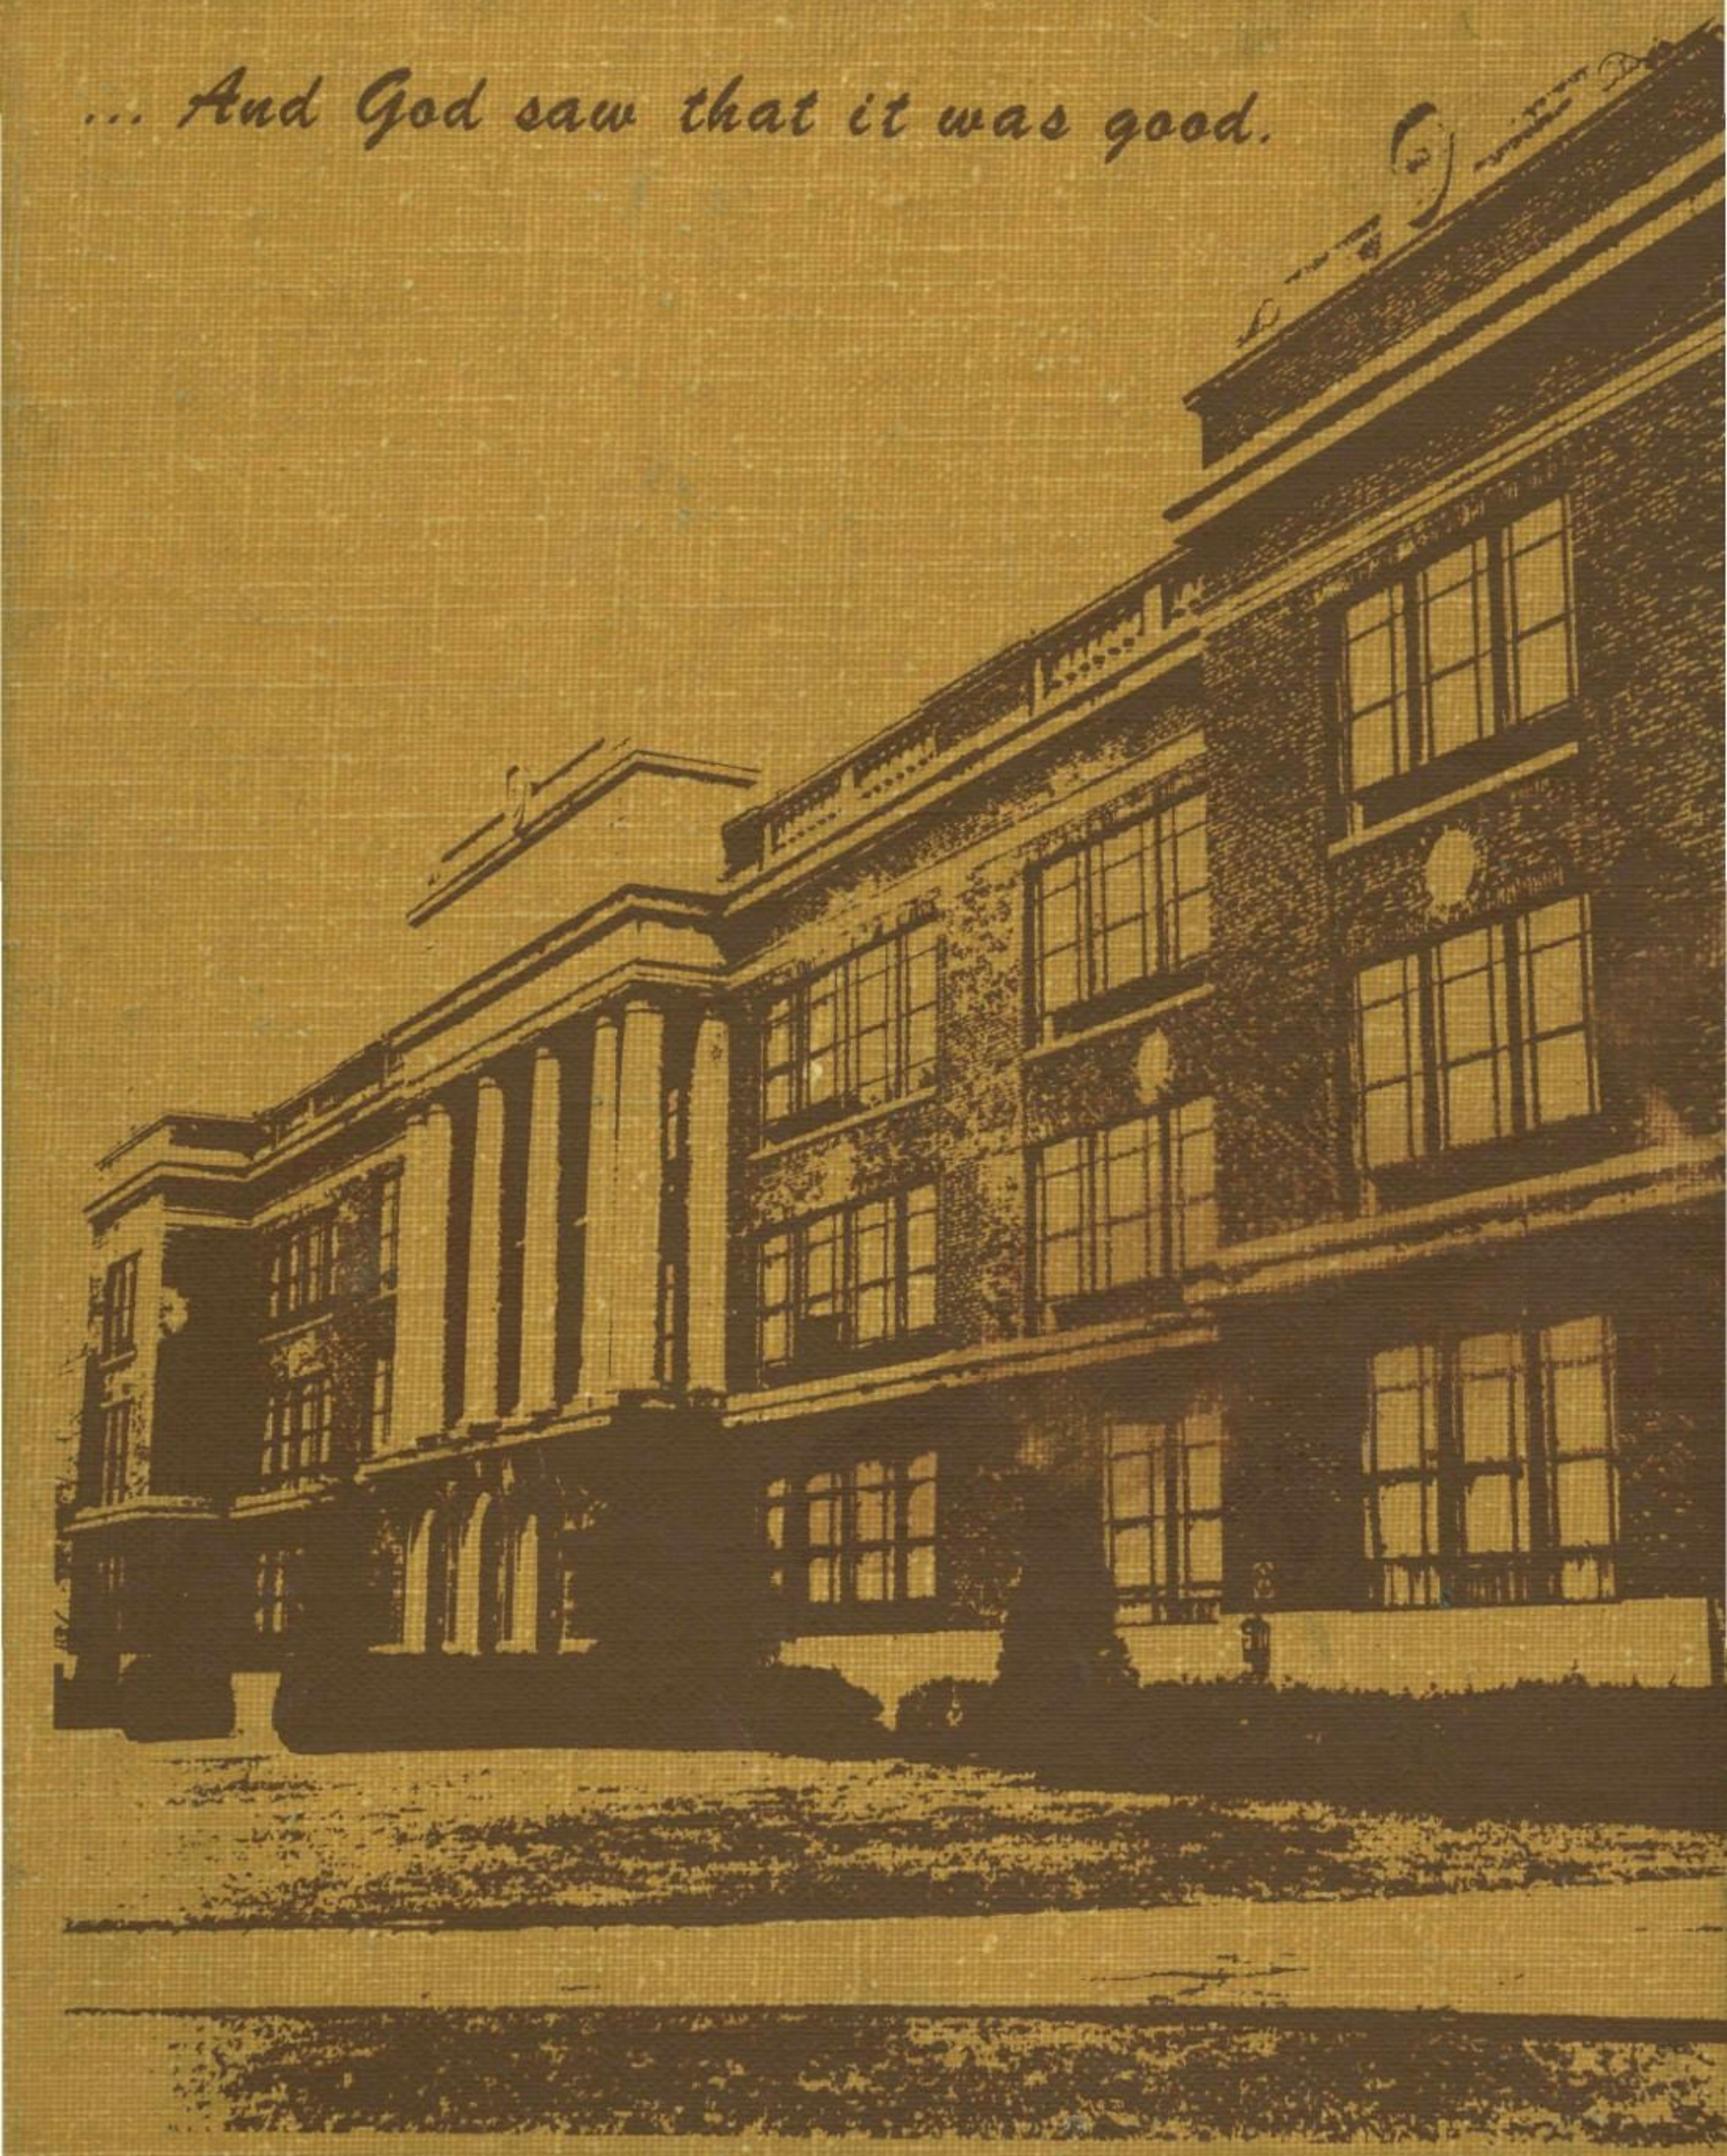
... And God saw that it was good.



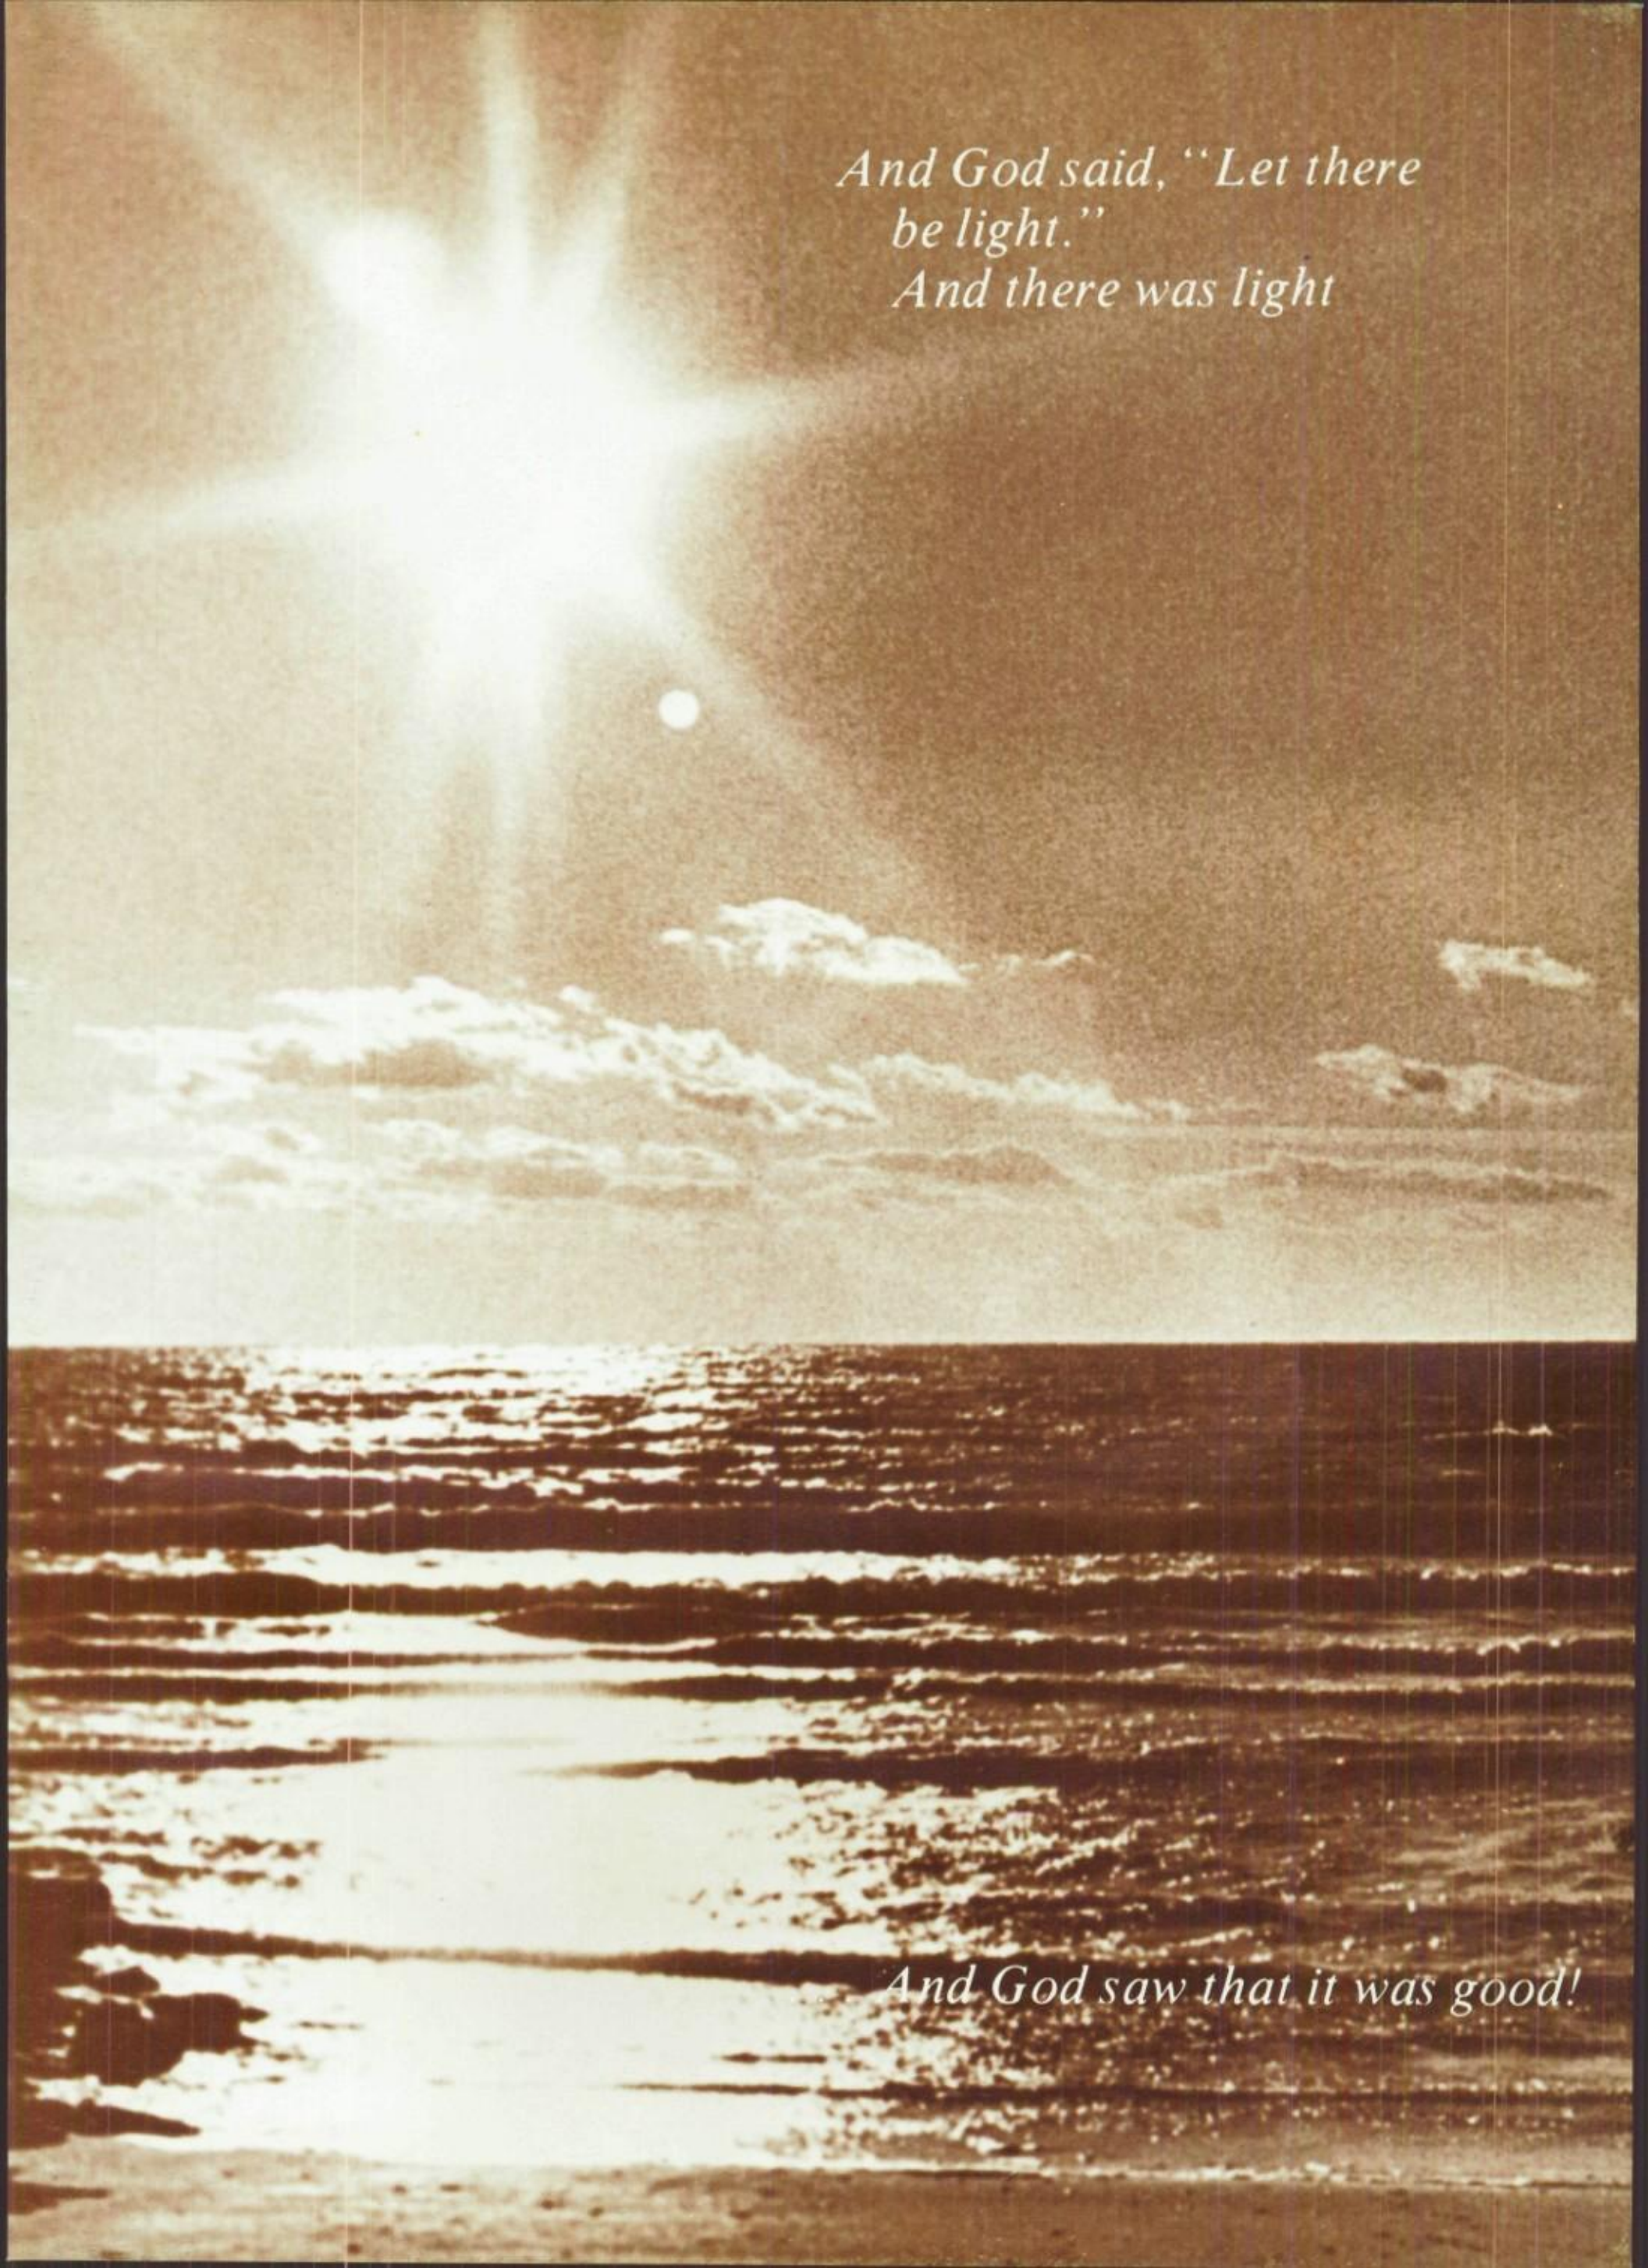
Amaranth
1973

Our Lady of Angels High School

Cincinnati, Ohio

Volume 43

IN the beginning God created the heavens and the earth; the earth was waste and void; darkness covered the abyss, and the spirit of God was stirring above the waters.



And God said, "Let there be light."
And there was light
And God saw that it was good!

God said. "Let the earth bring forth all kinds of living creatures. And so it was. God made every kind of cattle, of wild beast, and every creature crawling on the ground.

Then God said, "Let us make Mankind in our image and likeness and let them have dominion over all the creatures of the earth."

. . . and God saw that it was very good.

Stage Door

I felt that Woody Gleason did the best job among the male actors and Beth Curran among the girls. But, to pick someone outstanding is unfair, because everyone did a great job!

R.B. Guy

Mock Election

I am pleased to say that the students and faculty of OLA overwhelmingly re-elected President Nixon to another term of office.

Nixon Supporter

Even though Senator McGovern was defeated, I feel that our efforts were worthwhile, because we finally had a chance to speak out in his behalf.

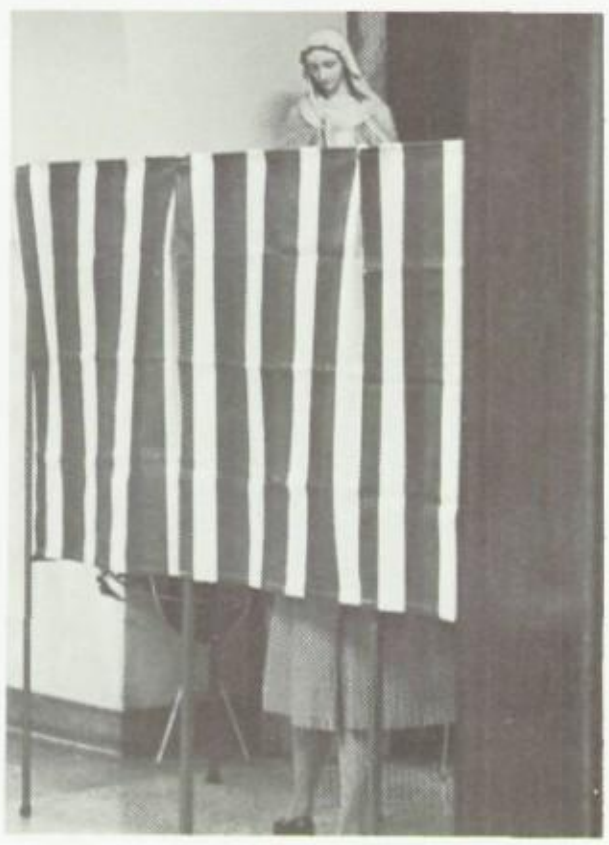
McGovern Supporter

Representing someone in a mock situation requires a great amount of research and hard work. It was even harder trying to remember that we were expressing the views of a national candidate.

Karen

I think that the mock election was very well received by the students. I feel that it is only through this kind of interaction that we can hope to one day bridge the gaps that so deeply separate the people of this country.

Carol



TOP: Nancy Fallon, Carol Ayers, Kim Terrill, Kathy Bradley, Karen Grewe, Patty Heidel, and Karen Doppes.

Senior Date Dance

Senior Title Winners (TOP ROW)

Miss Comedian	Barb Bushelman
Miss Athletic	Jo Ann Schlosser
Miss Personality	Donna Miller
Miss Talkative	Winnie Rodgers
Miss Music	Jo Brueggemeyer
Miss Scholar	Kathy Gerow
Miss Home Economics	Betty Sideritch
Miss Dependable	Linda Niesen
Miss Drama	Kathy Donahoue

(BOTTOM ROW)

Miss Attracitve	Jeanne Steinriede
Miss Art	Nancy Wess
Miss Ambitious	Lisa Treinen
Miss All-Around-Senior	Lisa Treinen
Miss School Spirit	Linda Rakel
Miss Friendly	Rose Laughlin
Miss Business	Nina Hansman

I am happy to say that I made it to the Date-Dance by sneaking in as an ELF!

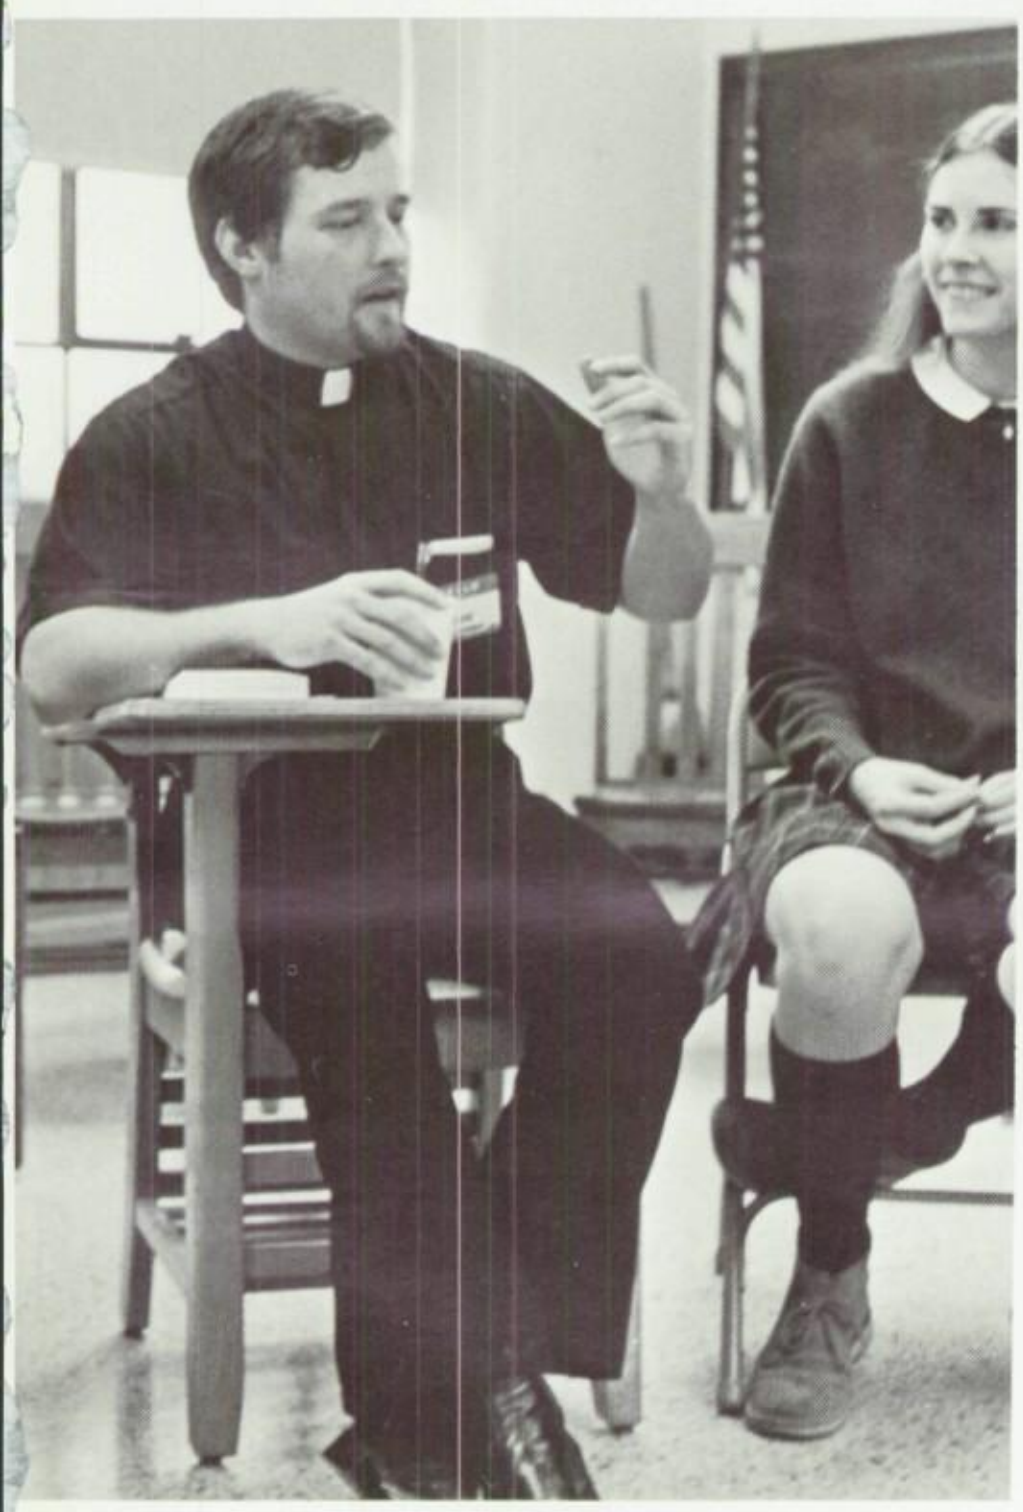
Jeanne

The thing that really made the Senior Date-Dance great, was the fact that we will all have been together for something so special as a semi-formal.

Linda

in — School Spiritual Days

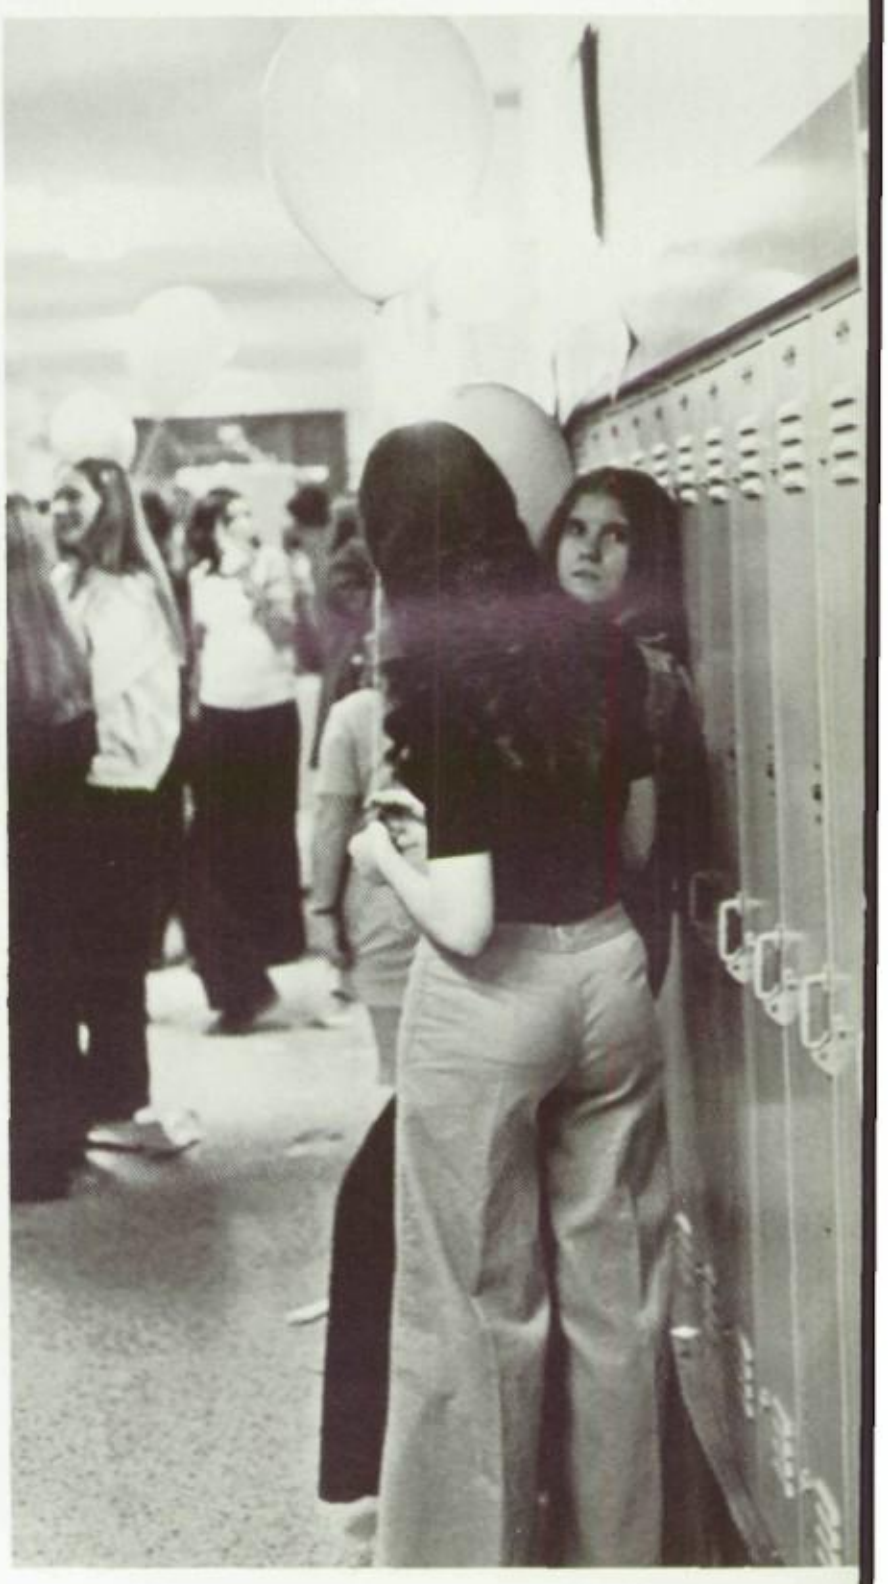
"Listen to the Lord with the
ear of your heart;
For He is our God, and we are
the people of his pasture, the flock
Which He tends. Oh, if
you would only listen to His
voice today!" Psalm 95:7



I have become embittered toward the "Jesus Movement", and because the spiritual day was largely made up of prayer meetings, speakers on Pentecostalism, etc., I felt detached and out of place. I just don't experience the emotional high that so many do.

A senior

Festival



I really had fun on the day of the festival, but it was over too soon!

Rose

It makes me proud to know that we had such a great festival this year. It shows that the girls, parents, teachers, and the administration do care about OLA. They can work in a spirit of unity for the good of the school as a whole.

Carol

Sweetheart Semi-Formal

A night I'll always remember for what it was to me.

A Sophomore

The decorations were great, and the candy sweethearts were good too!

Marilynn

The band was good! You could really have fun dancing to the music they provided.

Kim

I wasn't too surprised when Anita, Kathy, and Gail were selected as sweethearts for their classes.

Karen Doppes

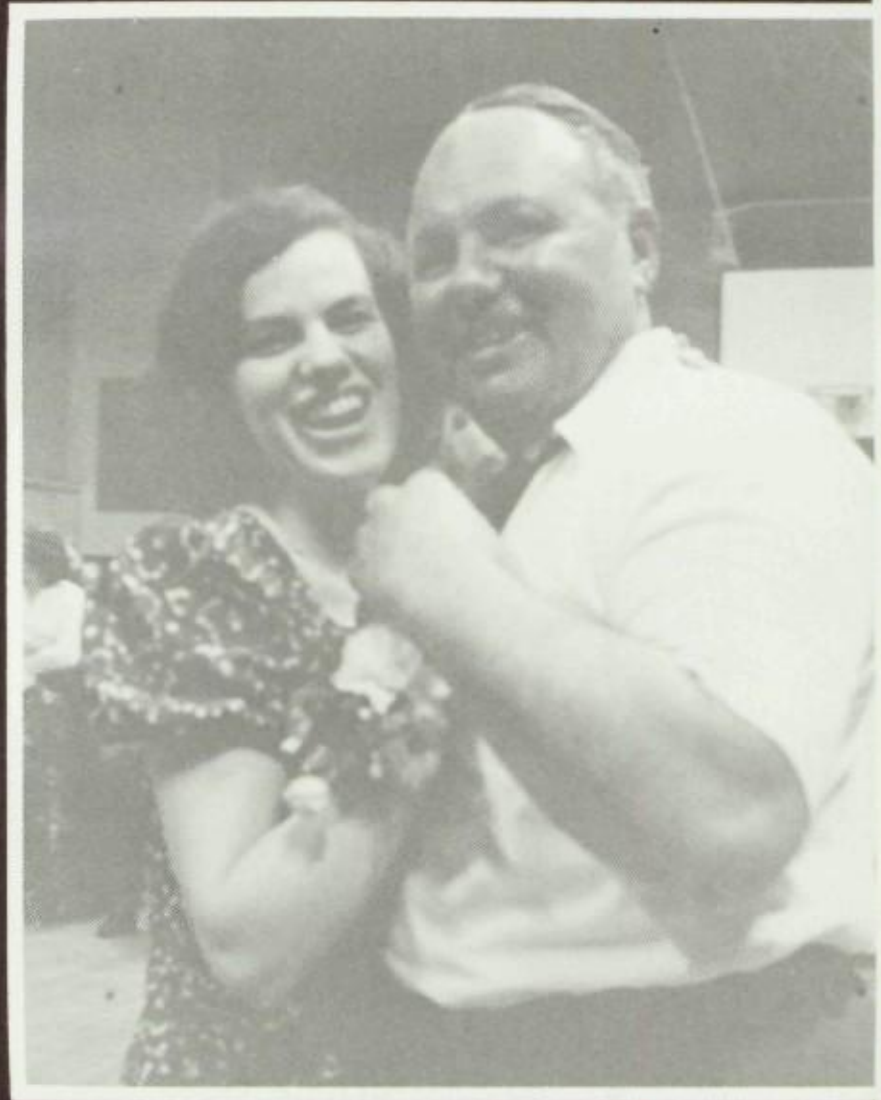
Father-Daughter Dance

How can you thank someone who has taken you from crayons to perfume?
It isn't easy, but I'll try.
To Dad With Love . . .

Rosie

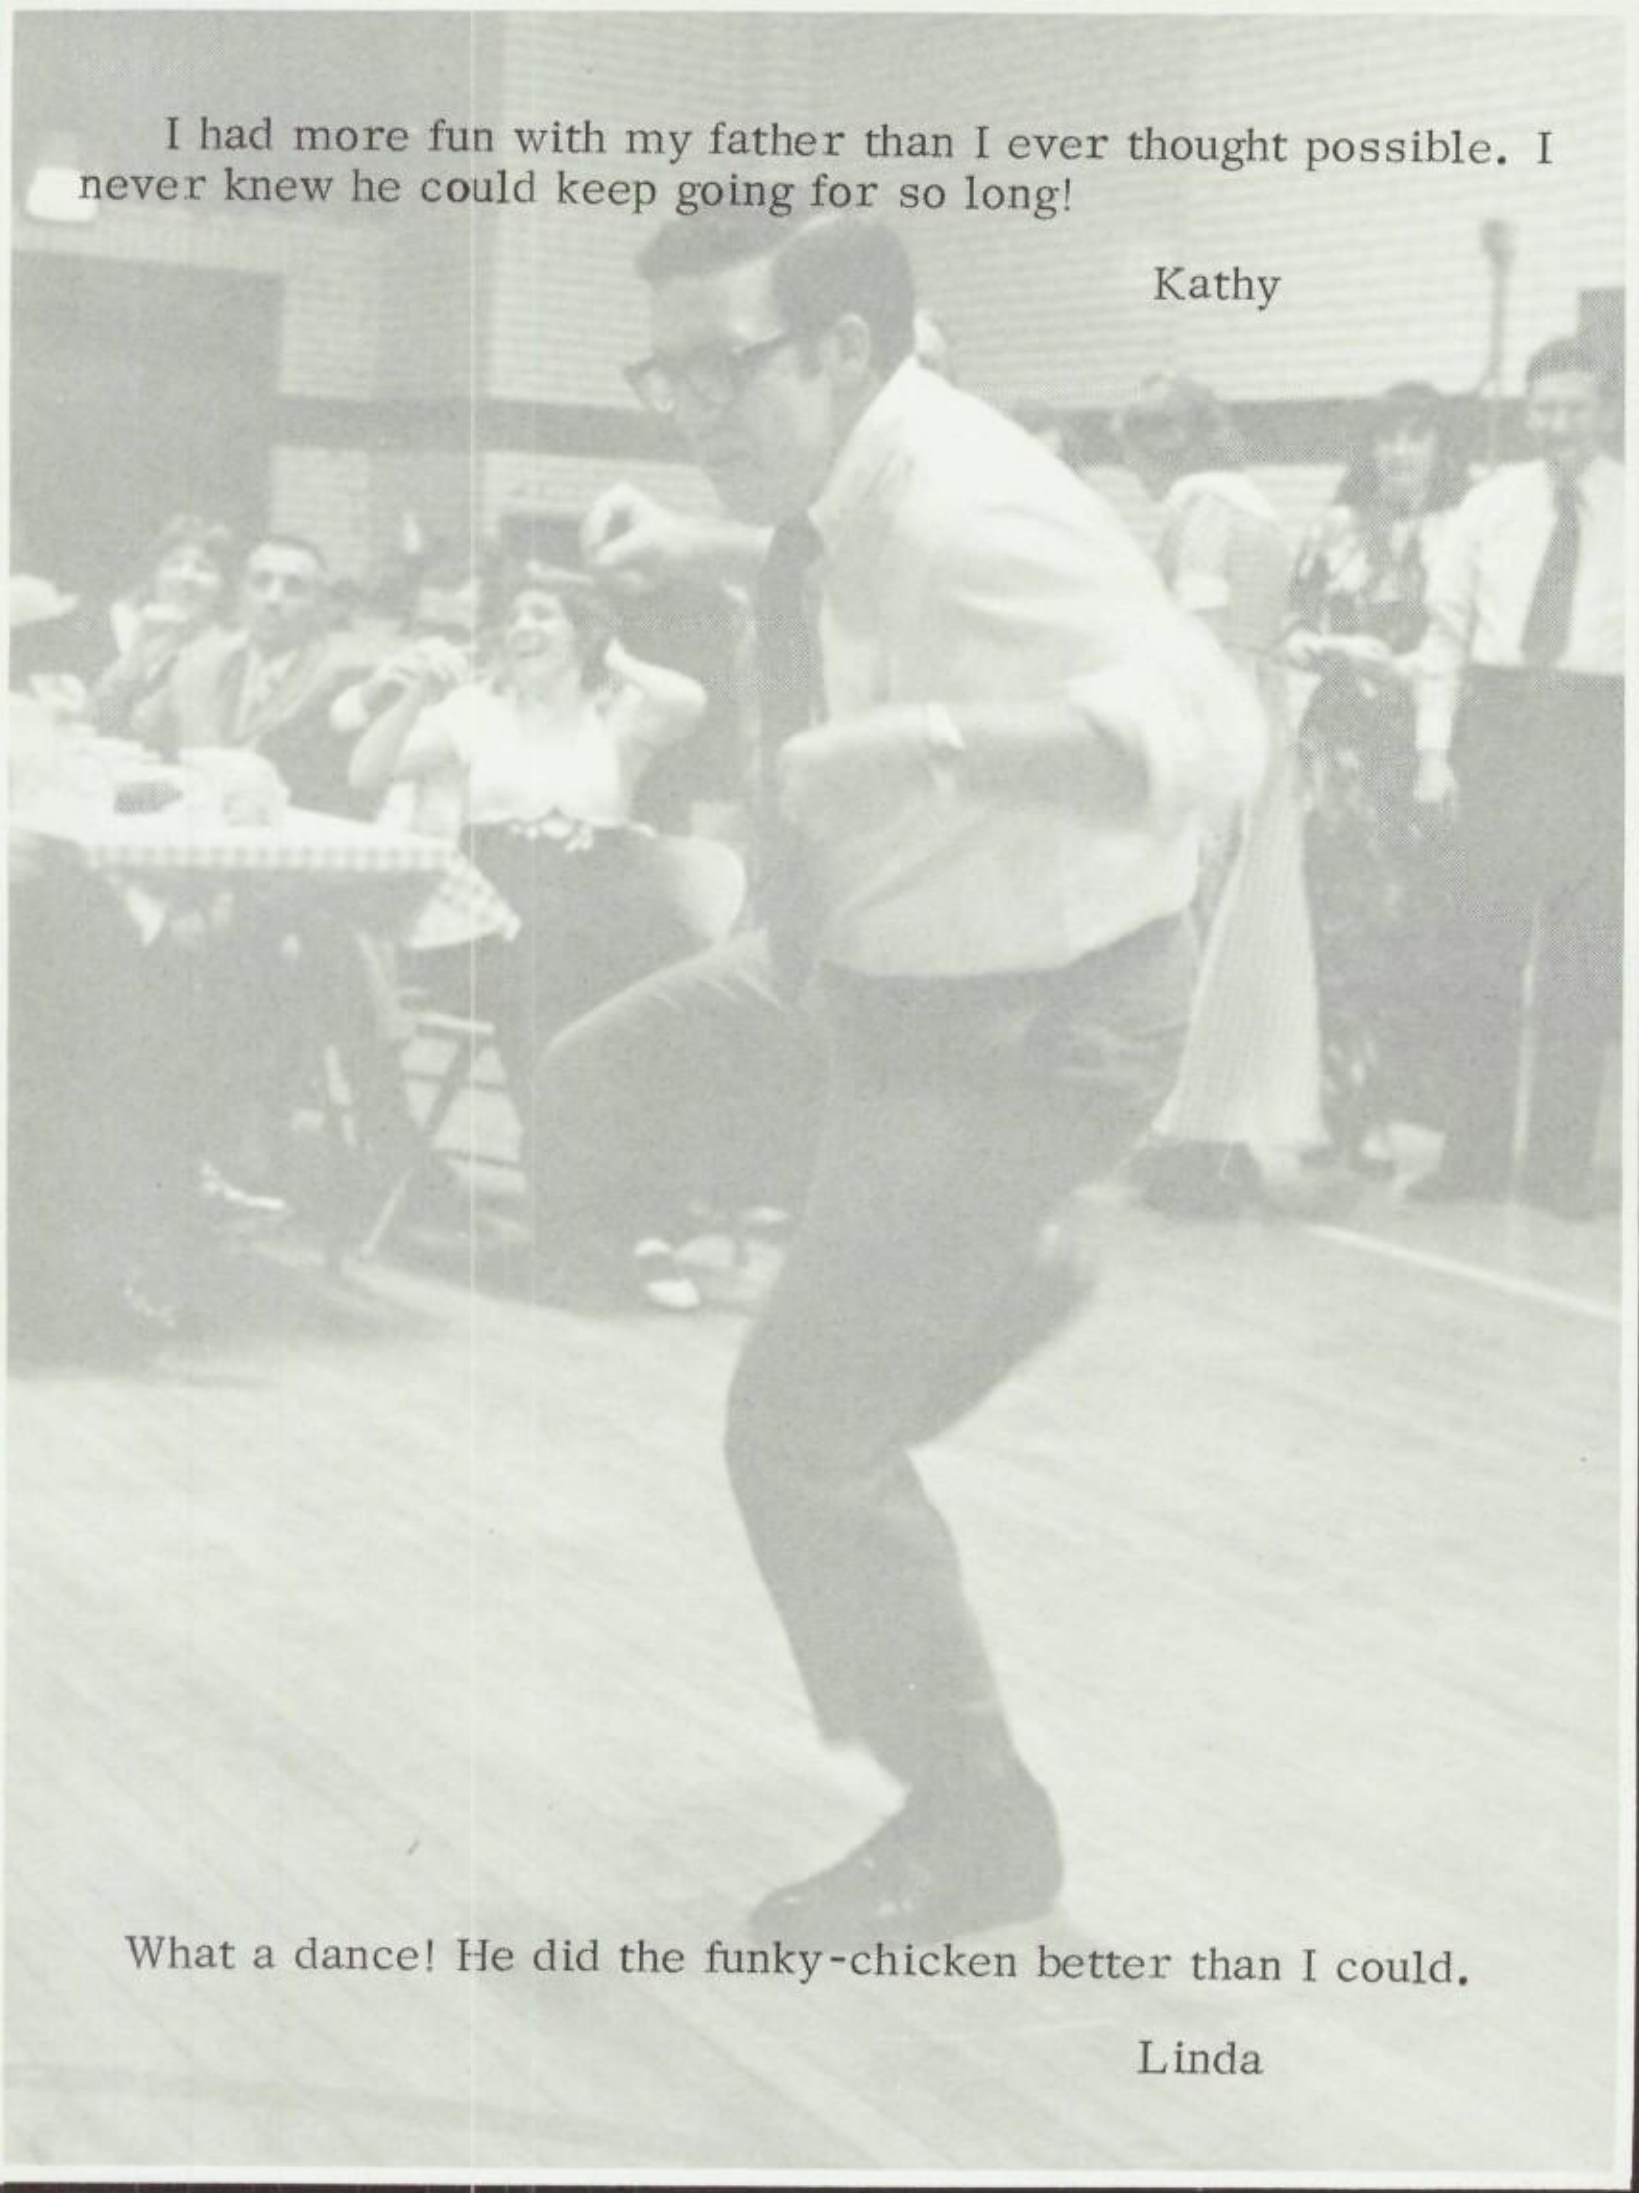
A night I'll always treasure, remembering I'm Daddy's little (?) girl.

Mary



I had more fun with my father than I ever thought possible. I never knew he could keep going for so long!

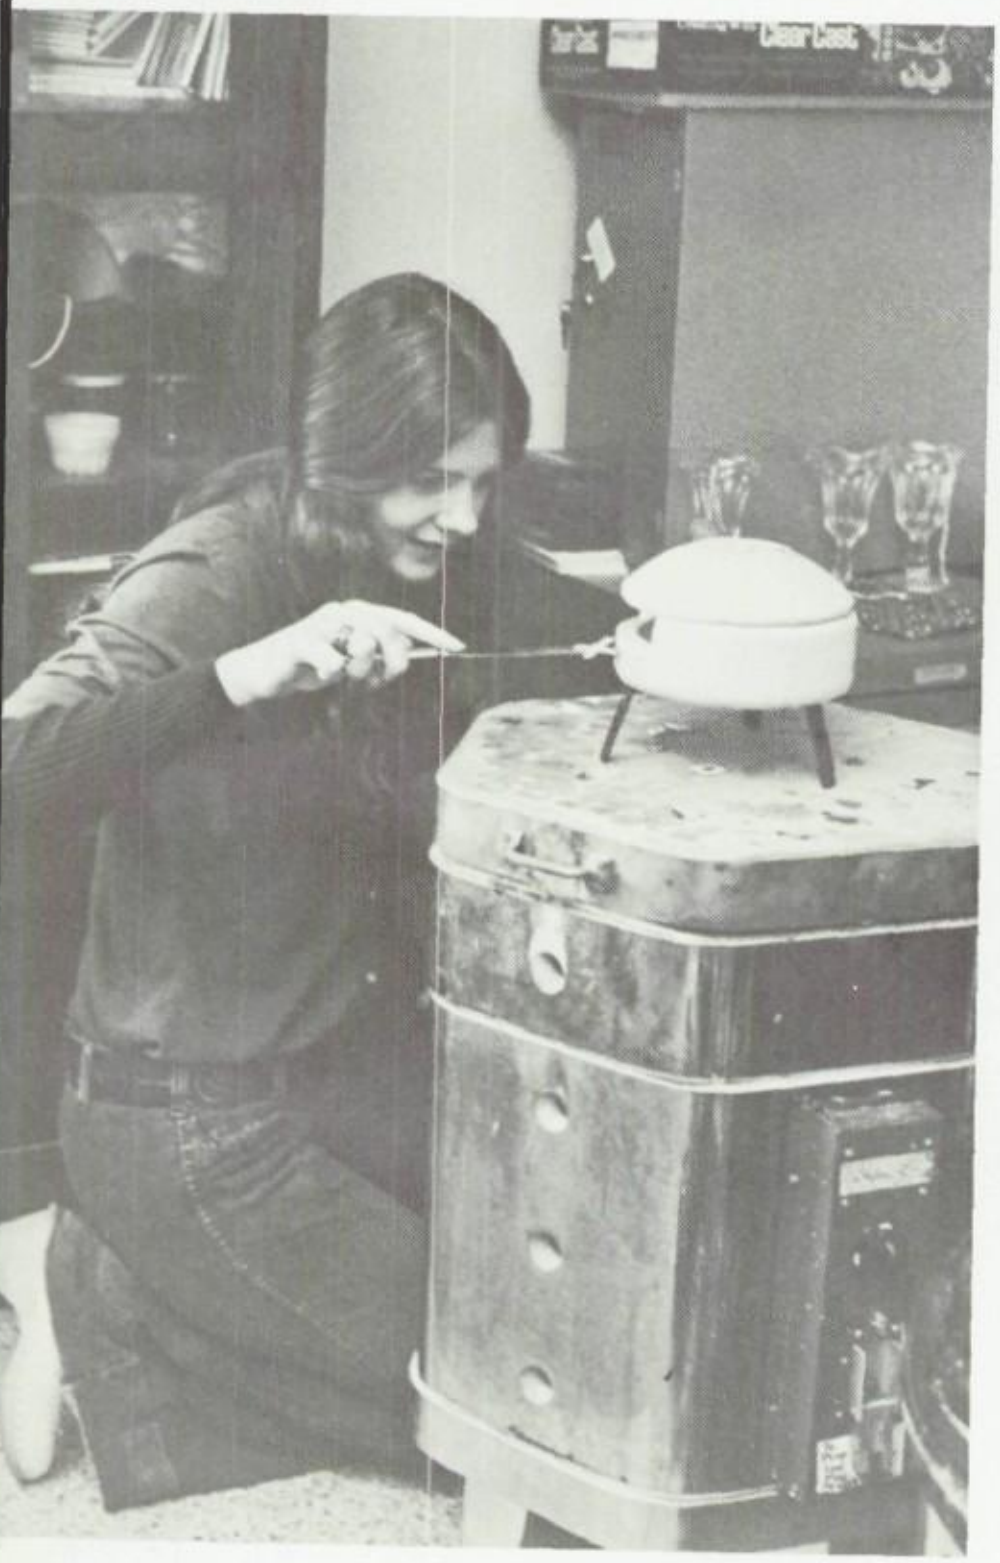
Kathy



What a dance! He did the funky-chicken better than I could.

Linda

Mini-Week

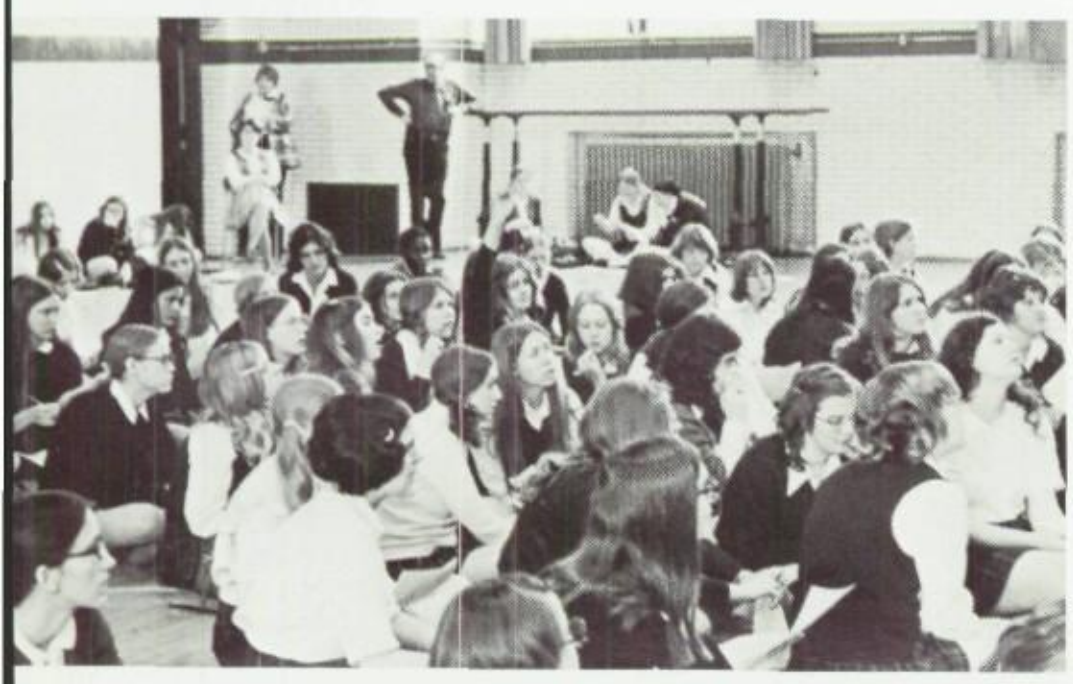


This year, Mini-Week was organized by the National Honor Society. A lot of time and effort was put into the program, hopefully making it a worthwhile experience. I'd like to especially thank Mrs. Frazier and Kathi Boyasko for their work and support.

I hope you gained as much as I did in that one week. It's an overwhelming experience to become totally involved with something or someone. It was really good for me, I hope it was for you too!

Sincerely,
Paula Seuberling

SPACE SCIENCE DEMONSTRATION
NASA



Assemblies

As an audience, our student body was much in demand. Not only were we together for such things as festival skits and can skits, but we were called to listen to many outside speakers as well.

These speakers had many reasons for coming to our school. They were asked to tell us about new contests, different areas of employment, ways to meet new people and experience new things. But the most obvious reason has to be the warm receptive audiences consisting of our own student body.

Canada Trip

The tobogganing season was over, but the snow lay there irresistibly. A trial run on an old discarded platter proved that we could still put the track to use. The manager of the restaurant offered us more platters, complementing us on our ingenuity, and then the fun began. Mrs. Malvic also got into the act with her motion picture camera.

Teri Fister

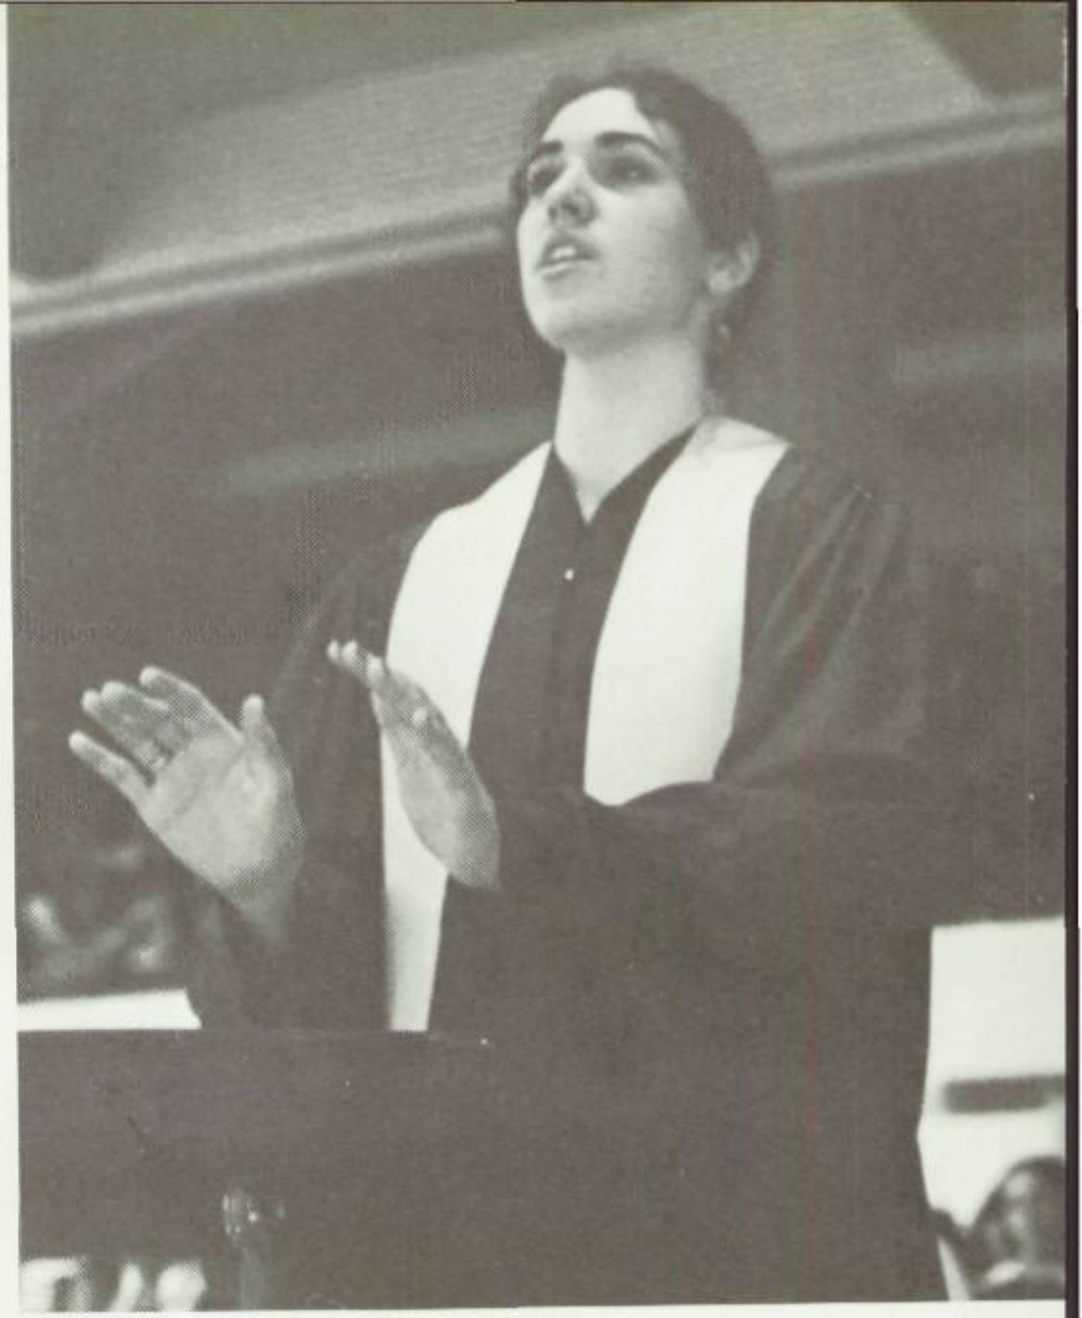
Turn-About Day

I was very pleased and satisfied and I enjoyed the day so much that I wouldn't mind going back.

Mrs. D'Ambrosio

It was a great idea and a good way to get acquainted with courses and teachers.

Mrs. Wiener



Music is the most worthy, courteous, pleasant and joyous and lovely of all knowledge; it makes a man gentle manly in his demeanor . . . for it acts upon his feelings. Music encourages us to bear the heaviest afflictions, administers consolation in every difficulty, refreshes the broken spirit, removes headache, and cures crossness and melancholy.

The Veneralbe Bede
Tenth Century

Nothing more can really be said.

Kathy Donohoue

Concerts

Singing takes me from reality to a dramatic world of nature, romance, and excitement. My mind comes alive with playful visions of fantasy and the fantastic. At the end of practice or concert I regret having to come down.

Kathy Boyasko

Can Drive

From the beginning of the school year, the can drive and skit were hanging over our heads and grew more threatening as April 3 approached. Then (with juniors screaming wildly) the whole thing was over in thirty minutes.

Nancy Fallon

It was a great can skit, but I don't think it will ever make Broadway.

Marie Budinsky

Others should have tried to bring in more than two or three cans.

Linda Schottlekotte

There's a lot of fun and hard work in the can drive and it made me feel so good inside to know that we could carry it out.

Sandy Tippenhauer

Graduation Dinner

The dinner was nice, but my parents really enjoyed it most. They liked meeting my friends and the teachers who were there.

Linda

Maybe it was because I had to wait in line so long for the dinner, but the food sure tasted good.

Kathy

Ring Ceremony

It was a beautiful day for a beautiful occasion.

Patty

I never felt so close to half of my friends as I did that day.

Paula

Juniors and seniors alike were impressed by the simplicity of the ceremony.

Dee

Prom Night

Having the prom at the Sheraton-Gibson instead of the Convention Center made a big difference. The setting was more formal.

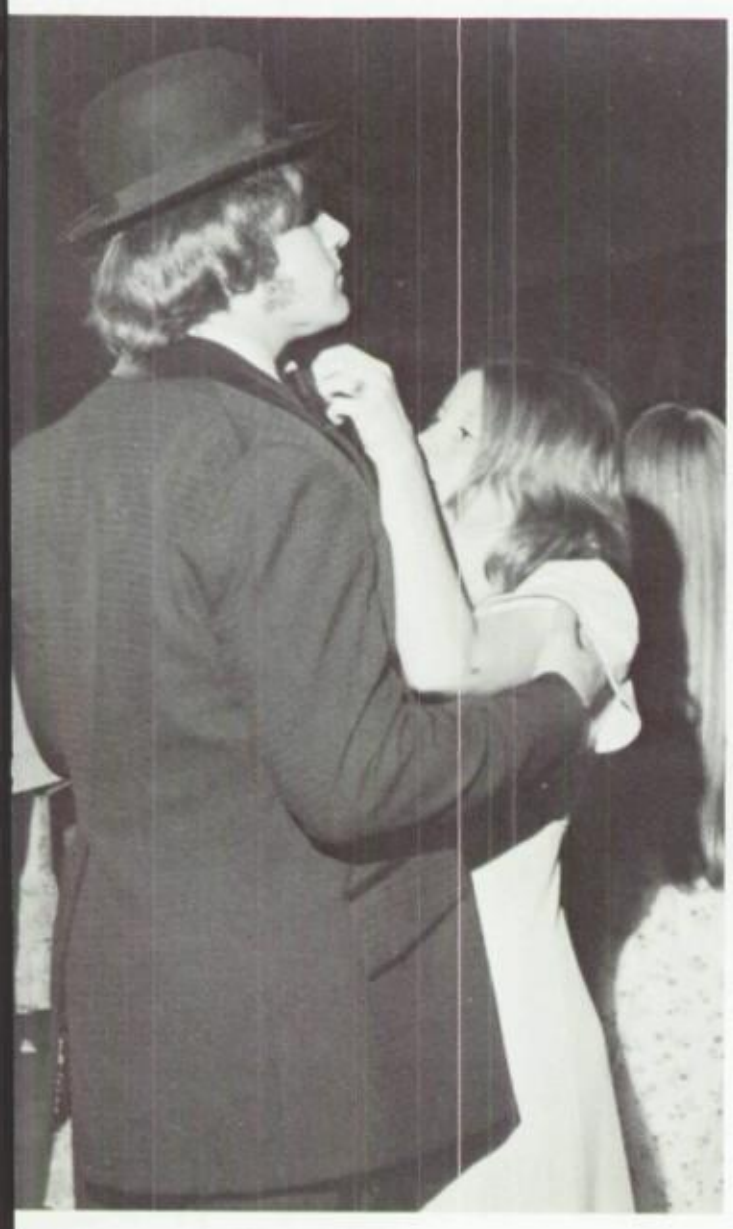
Teri

I was so glad to see Linda Niesen win a title. She really deserved it.

Jane

I had more fun at this year's prom than I had at any of the formals I attended this year. Everyone was in a good mood and always dancing.

Vicki



The band was the best thing about the prom. I went wild when they played "Smoke on the Water" by Deep Purple.

Linda

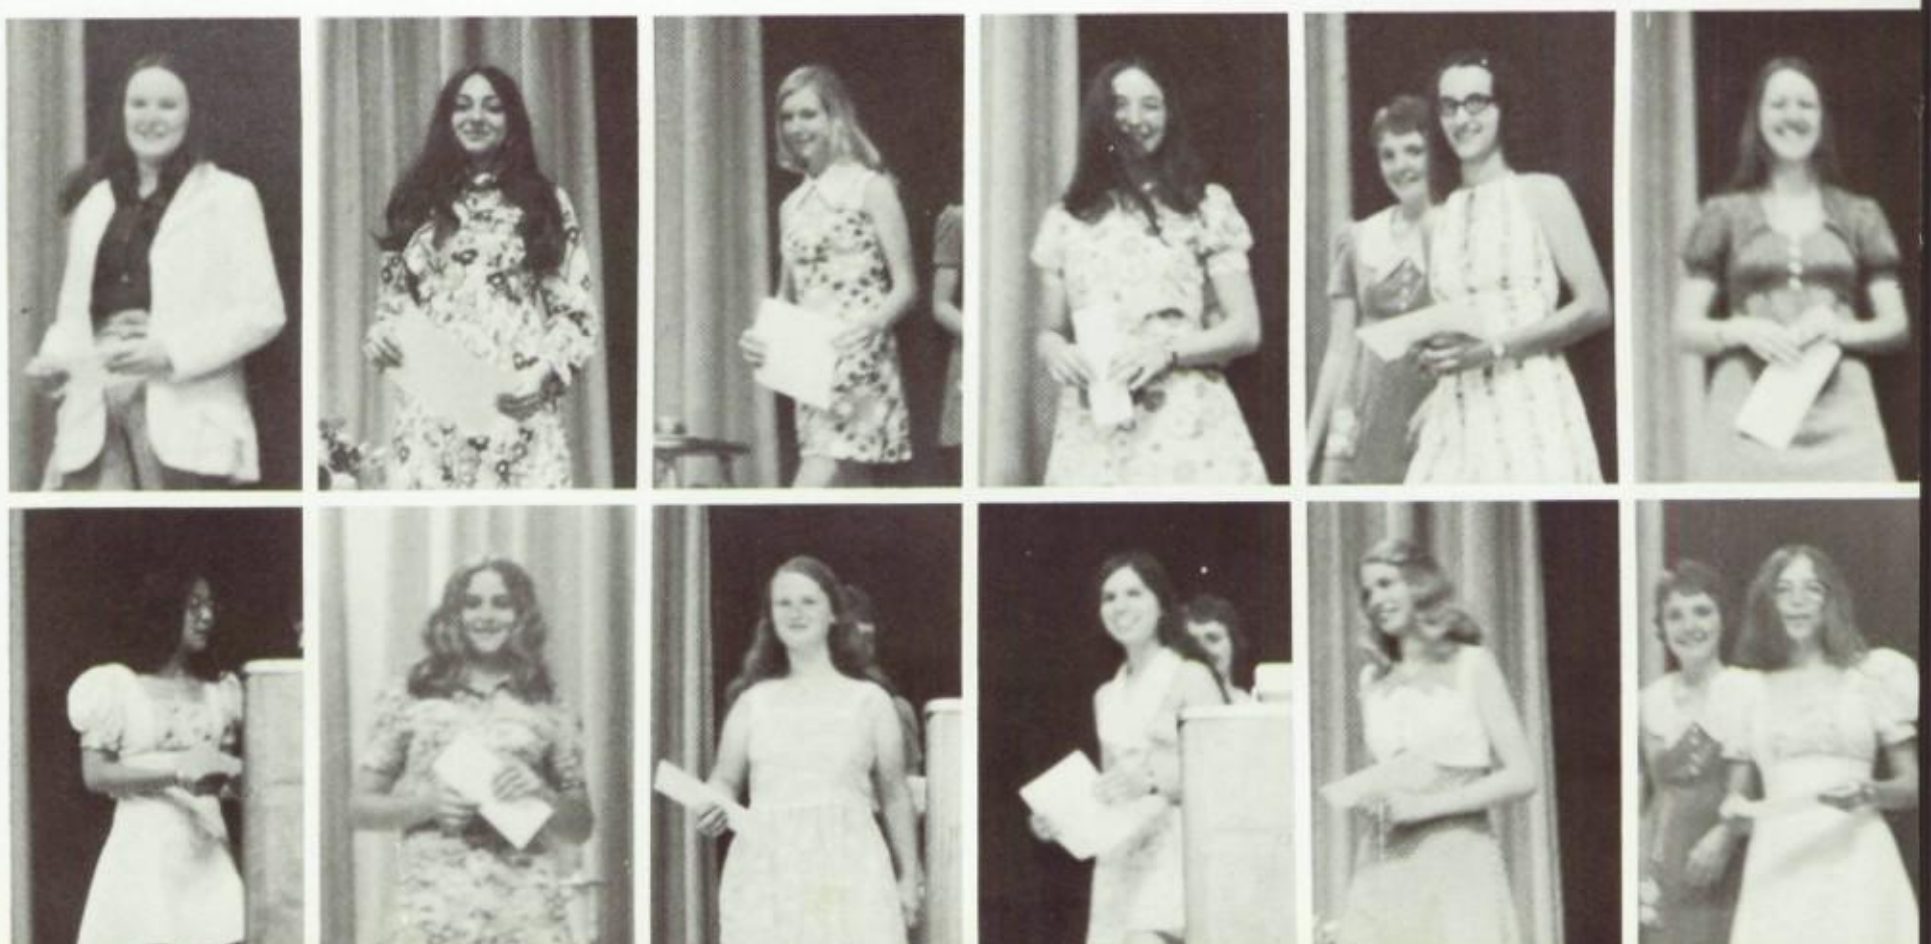
Awards Presentation

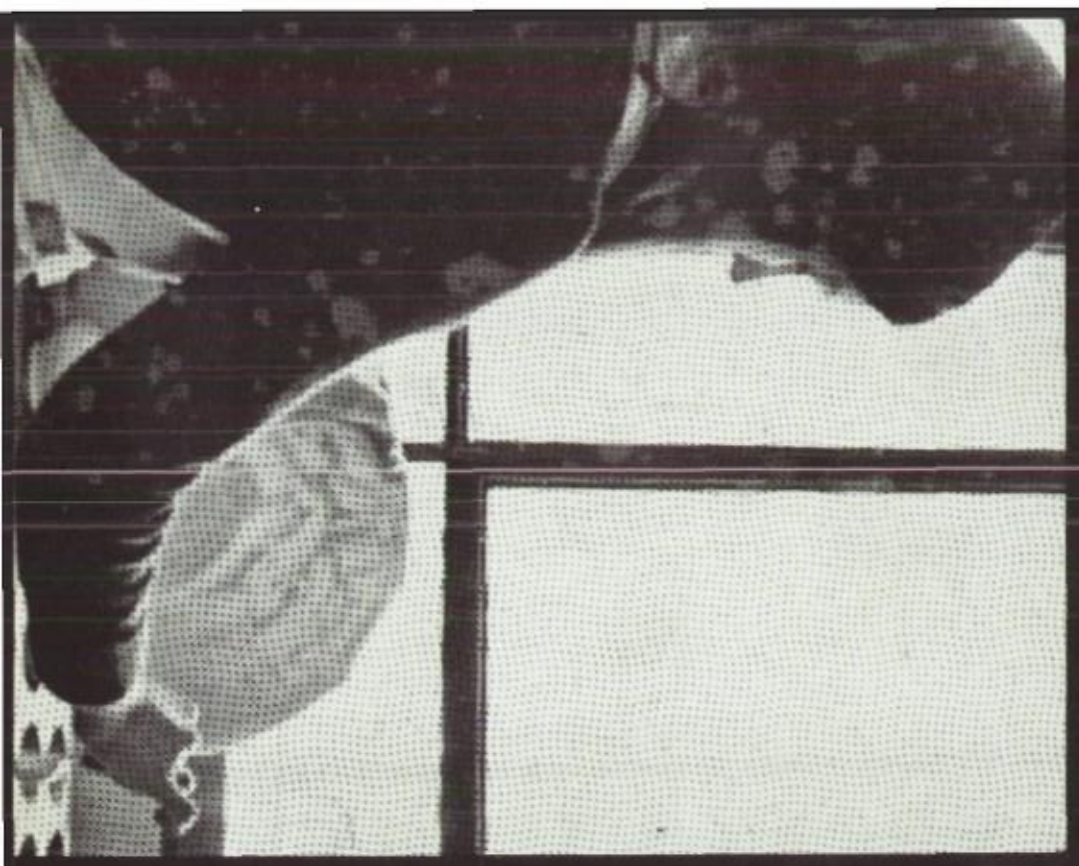
I finally got to meet all those girls I had heard about during the last four years.

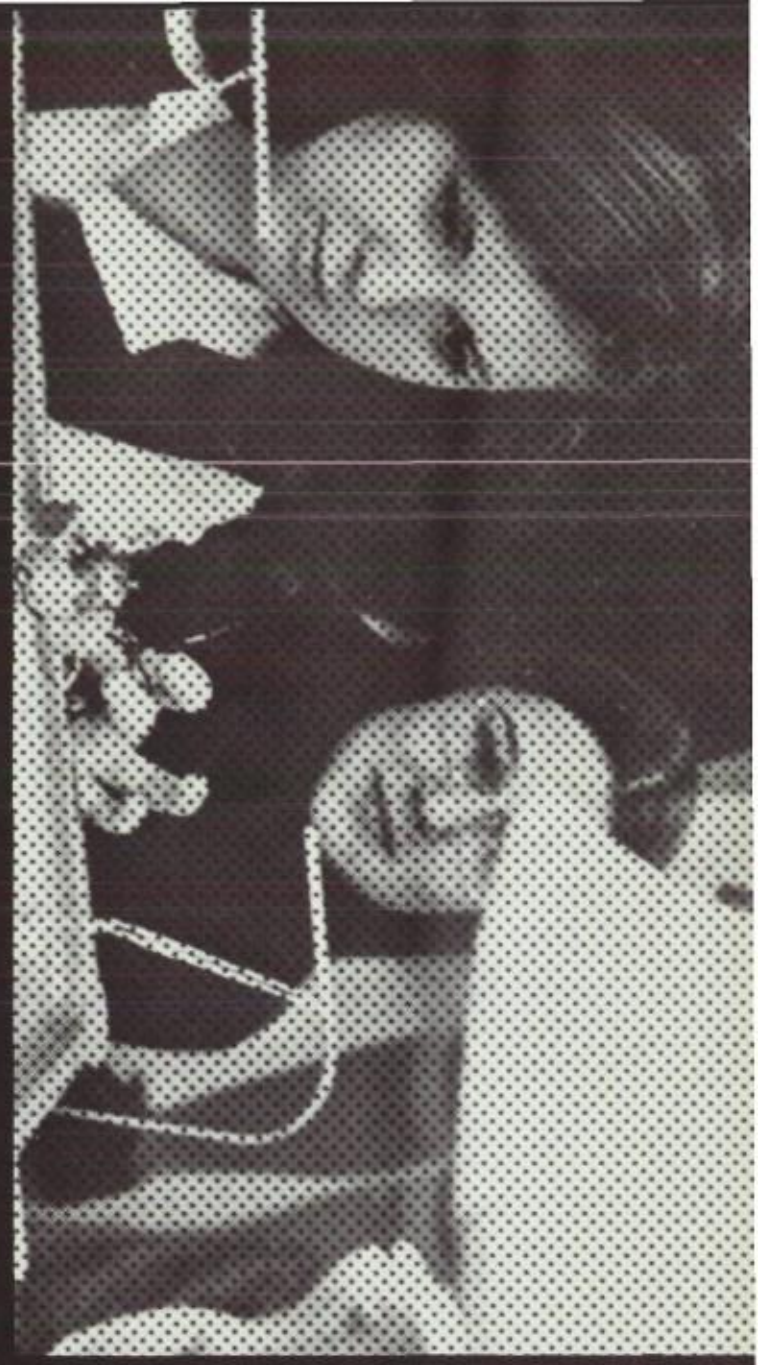
A father

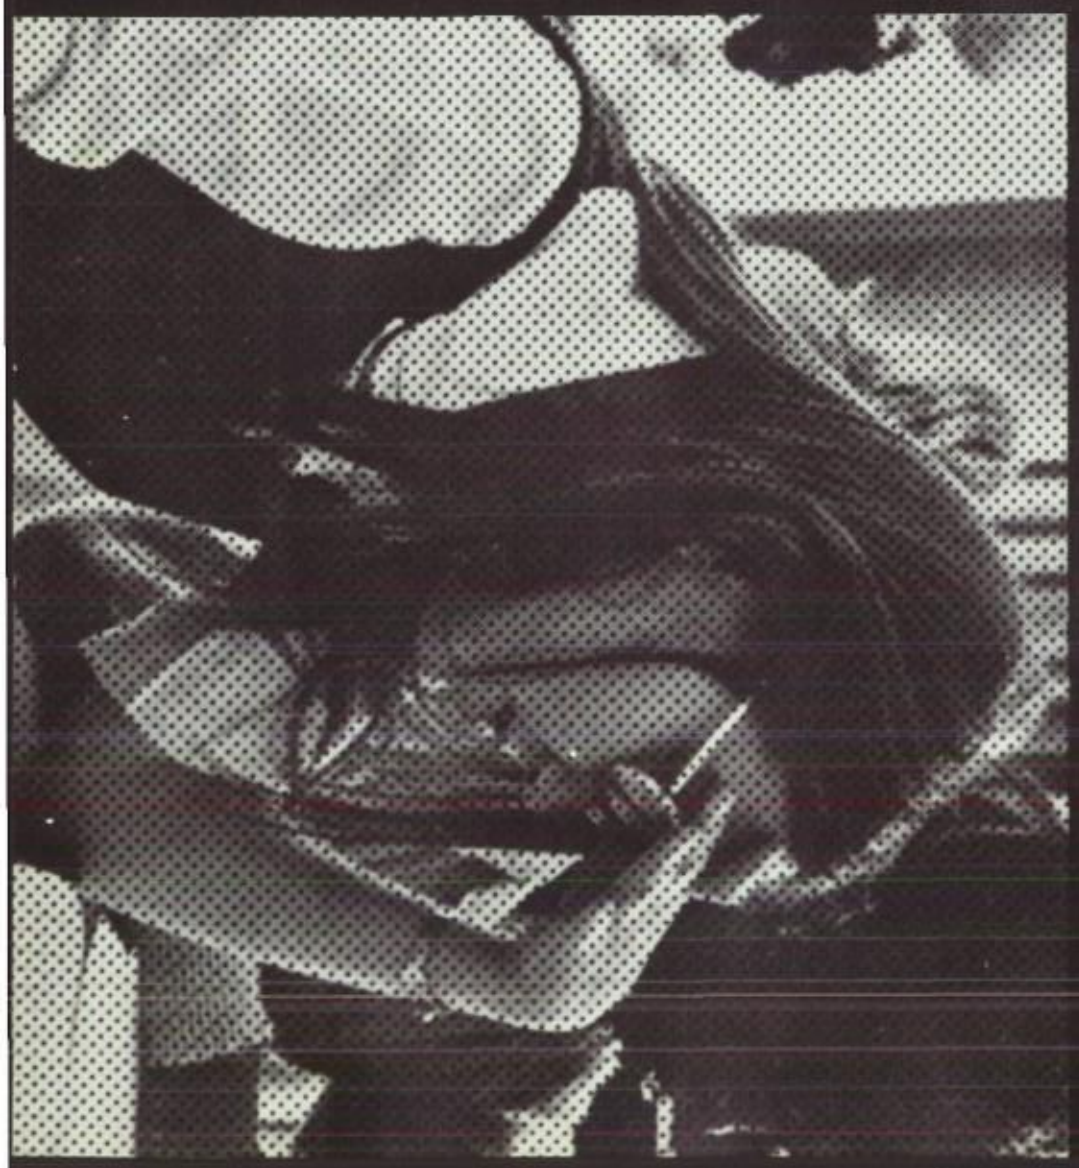
I was proud of my friends who received awards and I was glad that I could be there.

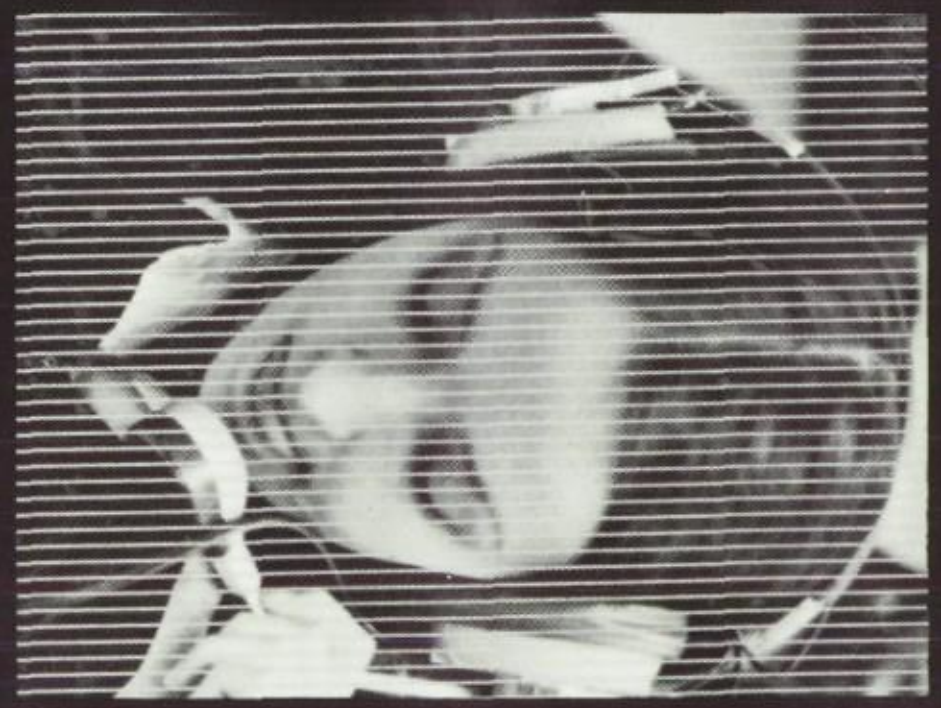
Linda











Academics

English and Humanities

Not only did we study the authors and what they wrote, but we also studied why they wrote and what they tried to express. The books had a lot more meaning when we analyzed them this way.

A junior

In humanities we studied man's expression of himself in all forms of literature, art, and music. It gave me a better insight into man's behavior.

A Thankful Student

Humanities showed us the past so we could form a better future.

Religion

In my religion classes, I have learned things that really pertain to people today - not just things that happened centuries ago. Religion has become more meaningful to me, since it has been portrayed in a somewhat different way.

Patty

I've really enjoyed my religion classes; they certainly weren't what I expected them to be. We've seen a lot of movies and slides, had interesting speakers, and read different books. They all helped to make religion a part of the world NOW.

'73

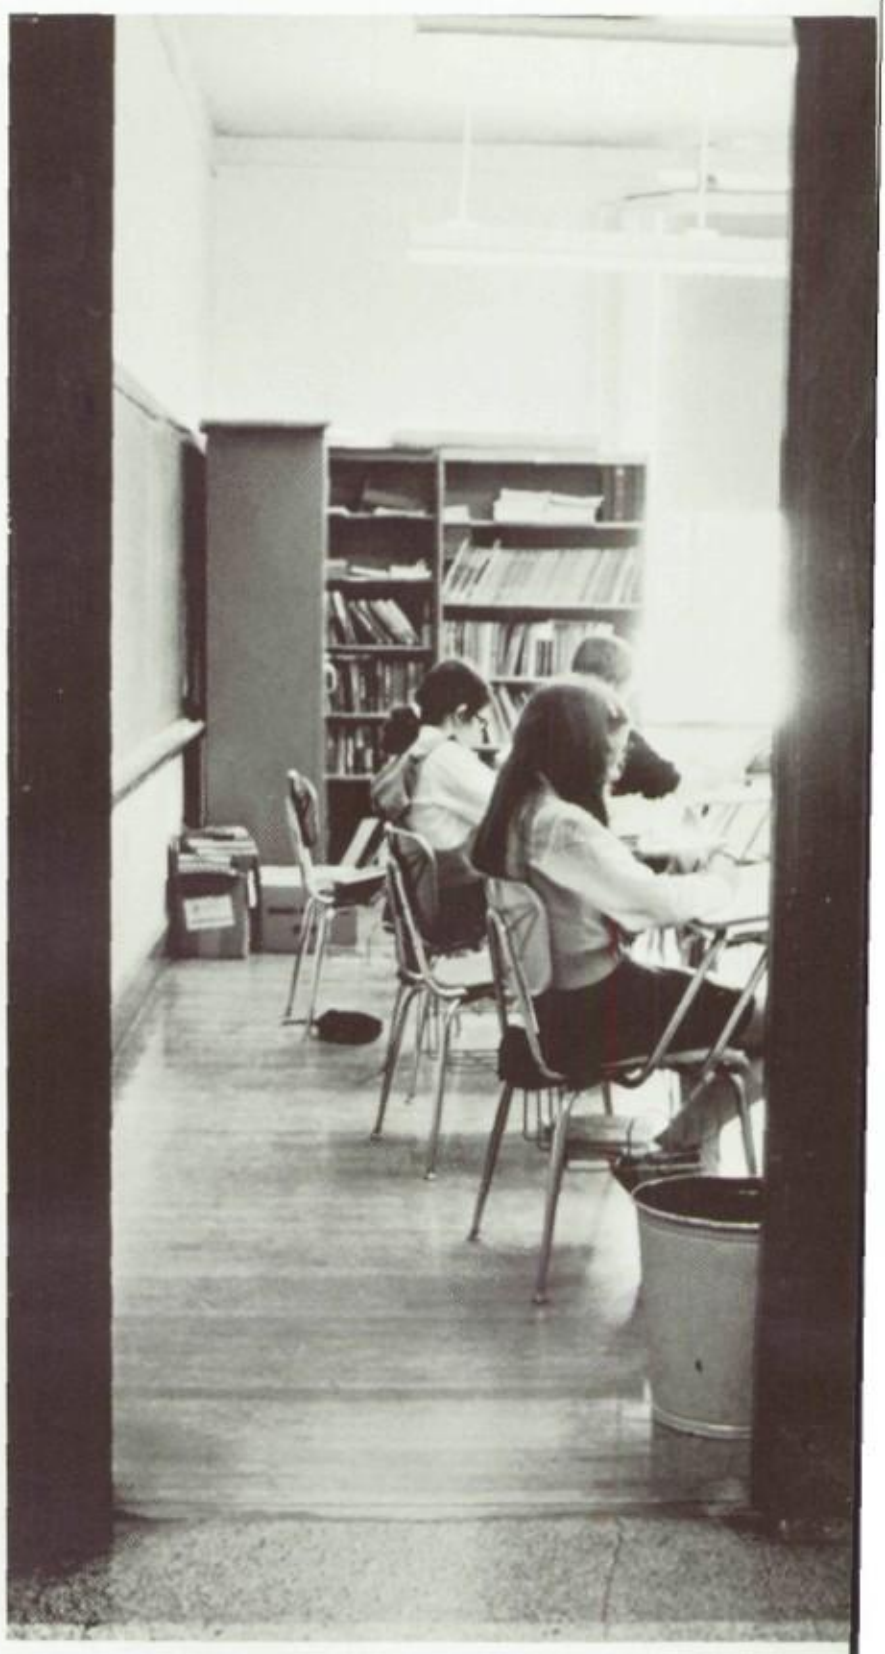
Religion at OLA is better than it is at some other schools. We may choose a course, instead of having it forced upon us.

Carol

Social Studies

POD helped me relate government and economics to what is going on in the world today, making current events more relevant.

Carol



World Cultures is one class which is relaxing but still interesting.

'75

I thought the world had an insurmountable number of problems, but my teacher was optimistic.

Remember the day a dog came to class? Mrs. Murray was beautiful.

Beth

Health

Discussions of problems like safety and drug abuse were most informative.

A freshman

Somehow Miss Geier's shots are different.

Michele

Mr. Ottke's presentations made the classes very worthwhile.

Chris

Clothing

Clothing class has given me the start I need, so that I'll never have to complain about high prices on clothes any more. Now I can sew garments myself and they'll look just as good as the ones in the store--but cheaper for me.

Jo

Theoretical chemistry really helps me relate science to what is going on in this chemical world.

Teri Trimbach

I enjoy my biology class, because it instructs us on one of the most pressing problems today--how to deal with the environment.

Pattie

Sciences

One should approach a Physics class much as one would approach a pork chop surrounded by fifty hungry lions; not at all.

Jean Dickman

I took Physics because I needed the credit.

Tina

Mathematics

Math is hard work, but believe it or not, I do enjoy studying it!

Mary

Even though Algebra II/Trig. gives me the biggest headache at times, I guess that 93% average is worth it.

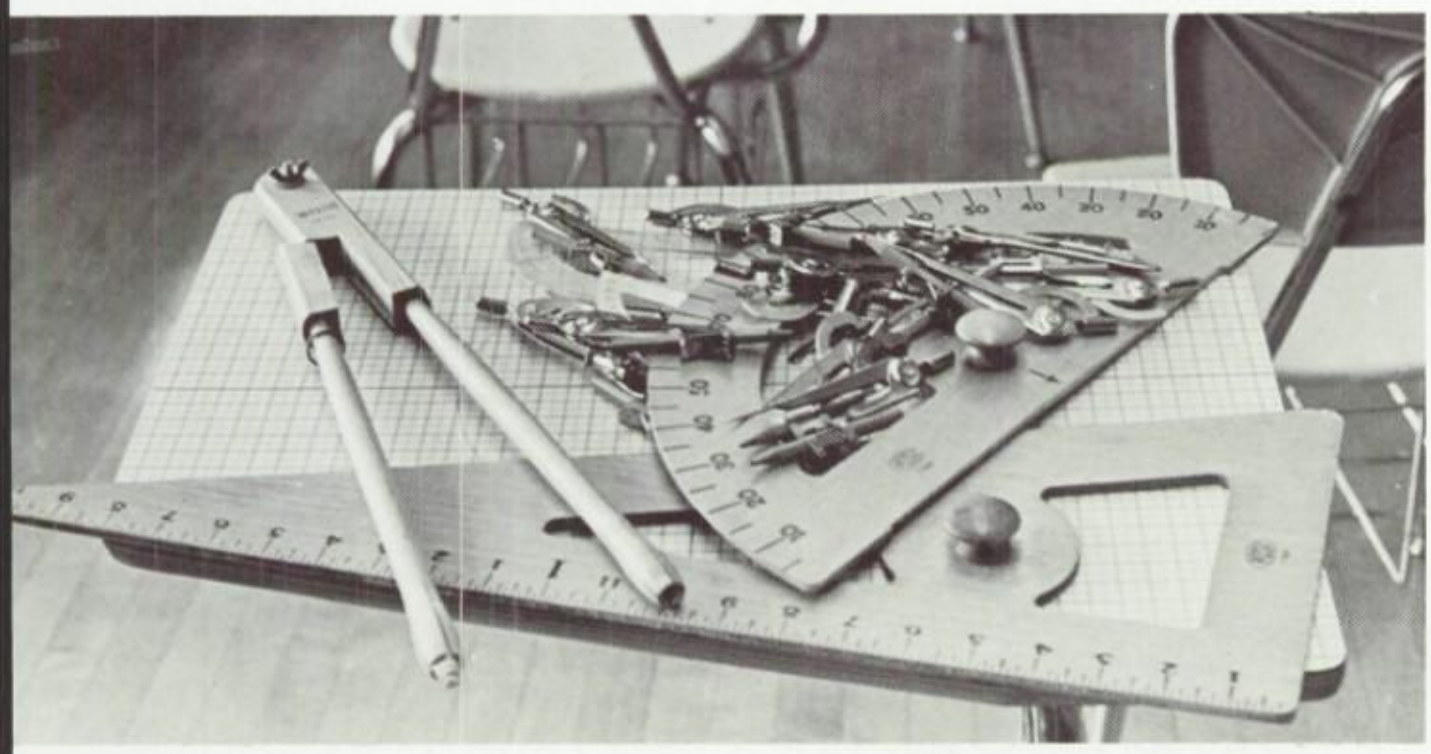
'74

Math IV has programmed me for future work with mathematical analysis. Math first thing in the morning presents a challenge (to wake up).

Diane

Remember the time the math teacher worked at a problem for fifteen minutes, only to find that the answer key was wrong?

a freshman



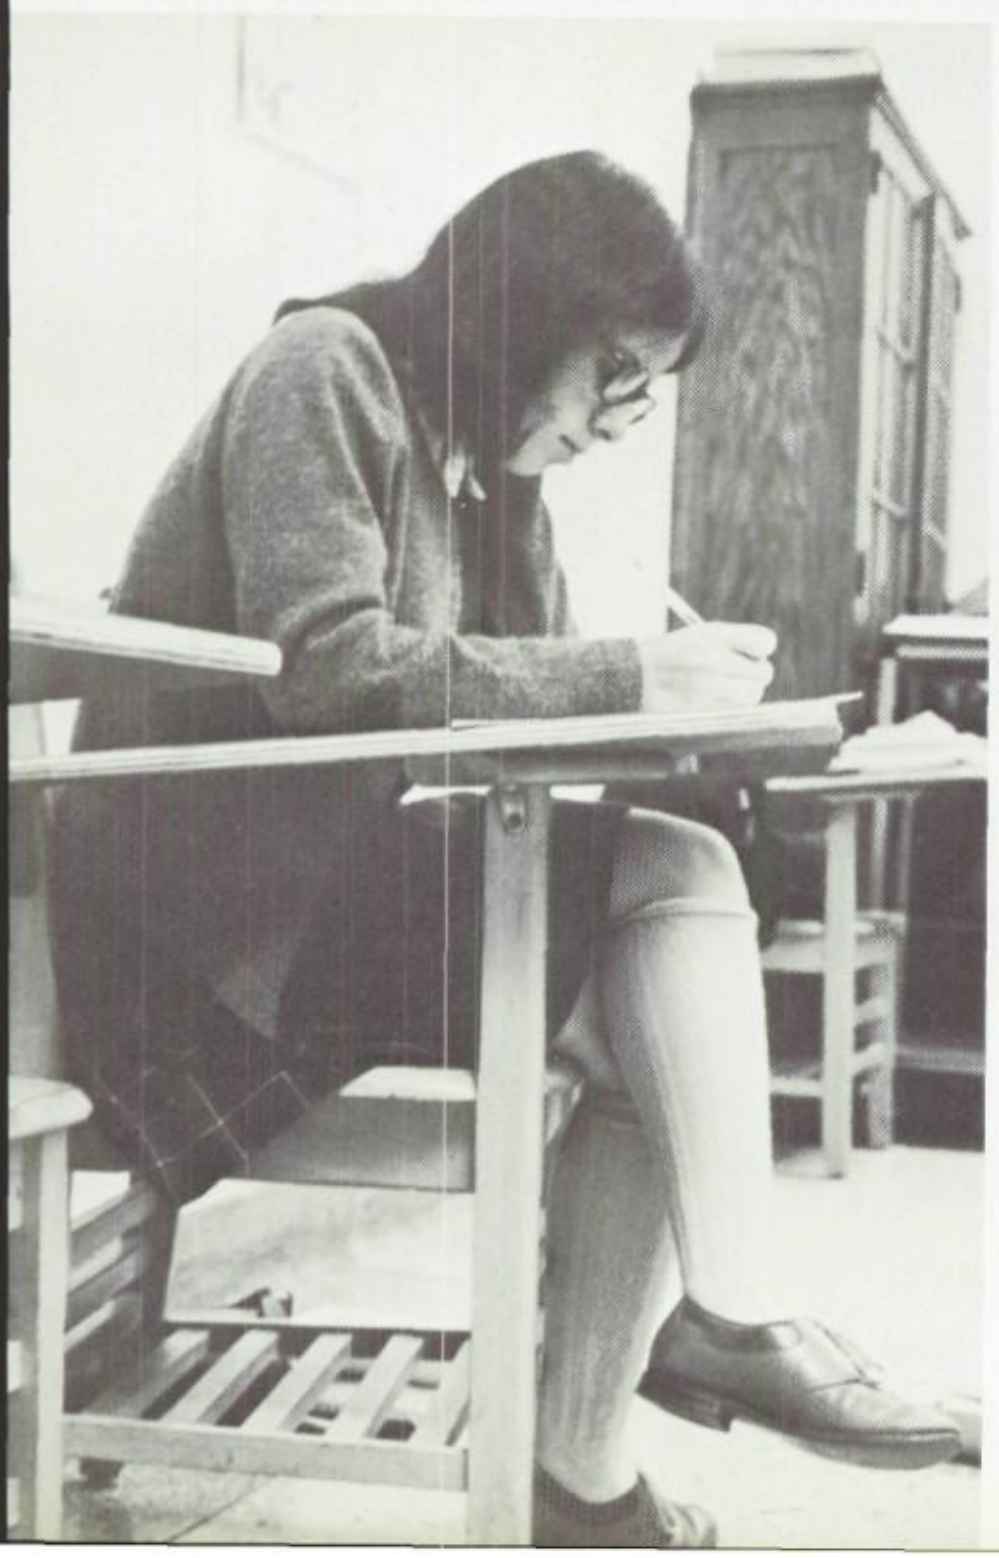
Foreign Languages

In studying French, I've learned how little I know about English.

'76

Besides learning another language, we learn about different cultures and customs. It's really interesting.

73



The fact that Bishop Elks came to our school to help us celebrate Circle Francois Day with a Mass and reception was very impressive.

Beth Froning

Contemporary Living

This course can be helpful to everyone in the school. So many different aspects are covered that you couldn't possibly know about all of it, or feel that you don't need it.

Since taking this course, I almost wish that it would be a required course for seniors.

A Senior

Foods

Everyday, after a lab class, the garbage can was full of PAPER TOWELS. I wonder why?

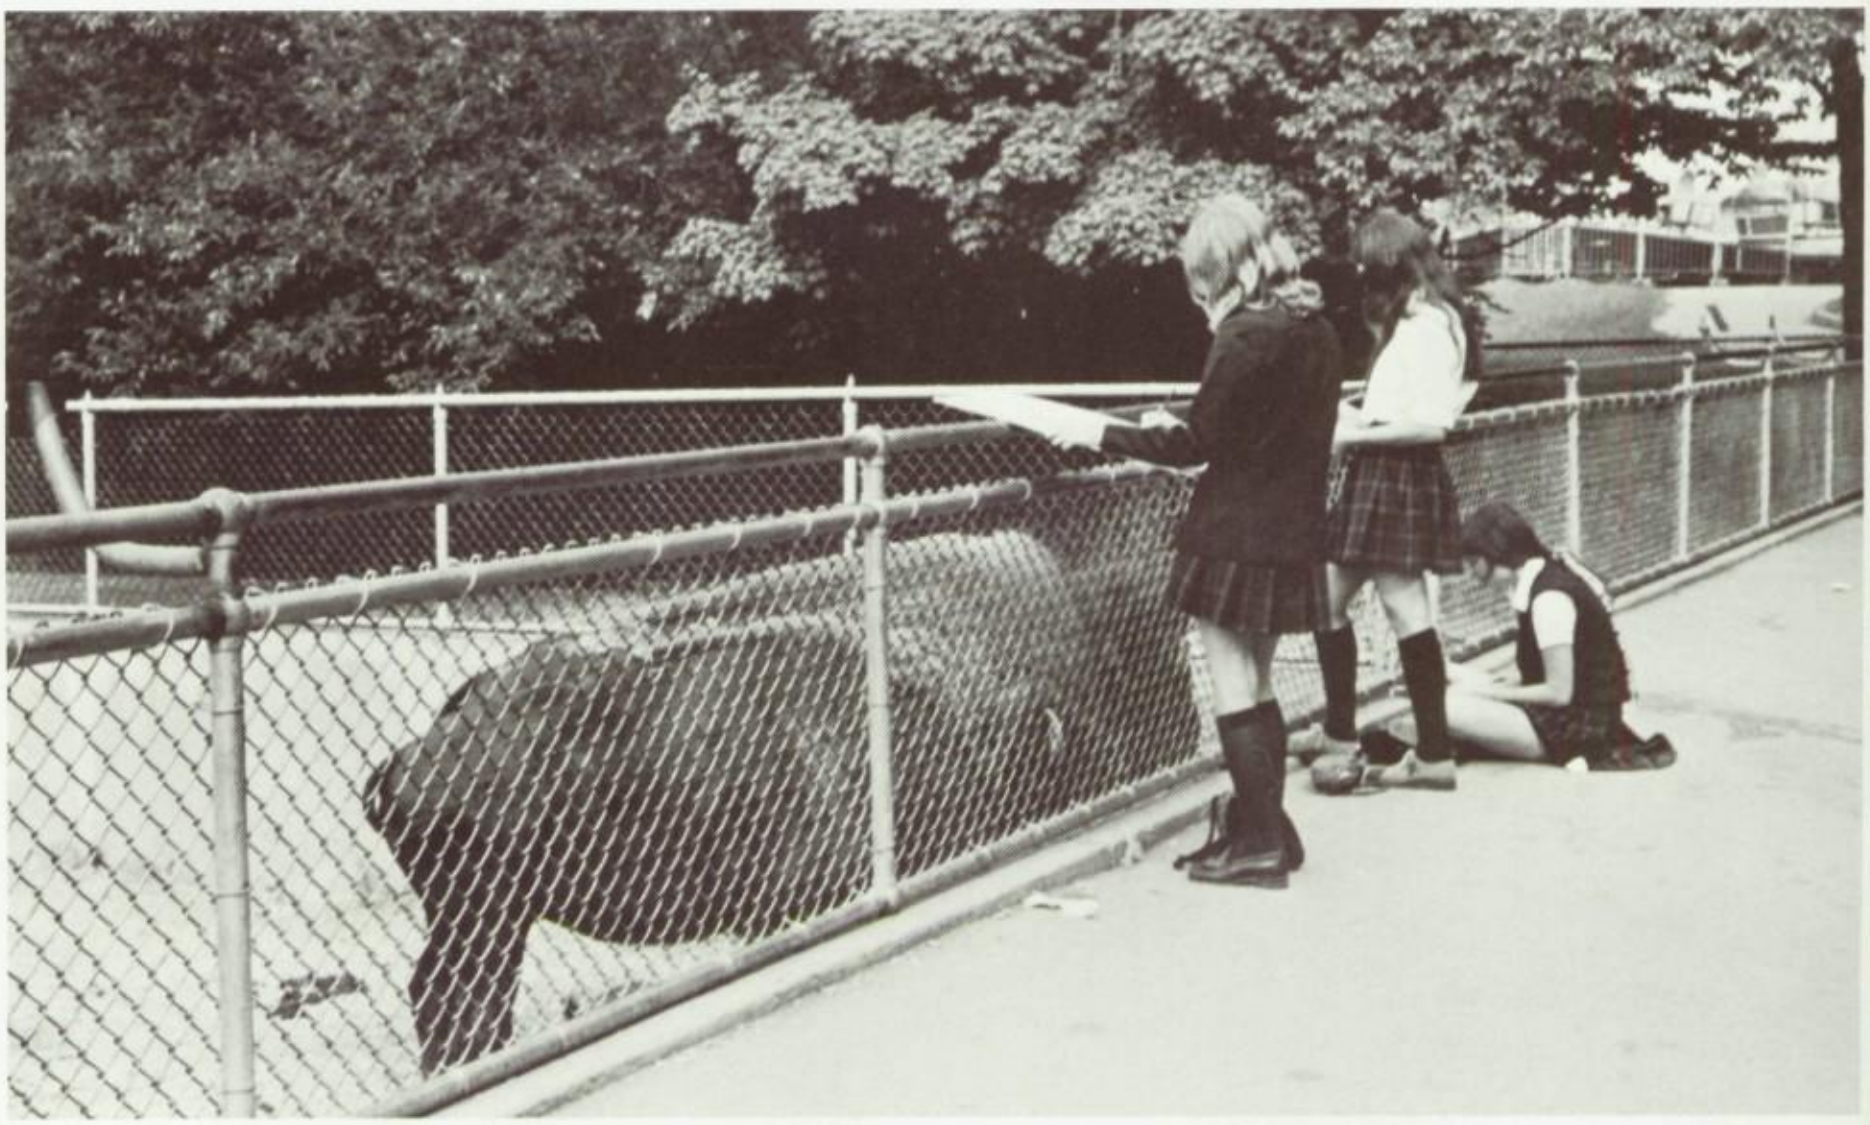
D. P.

I didn't know blueberry muffins were supposed to be BLUE!

D. B.

I never knew how much was involved in preparing meals -- I'm glad I found out.

Juanita

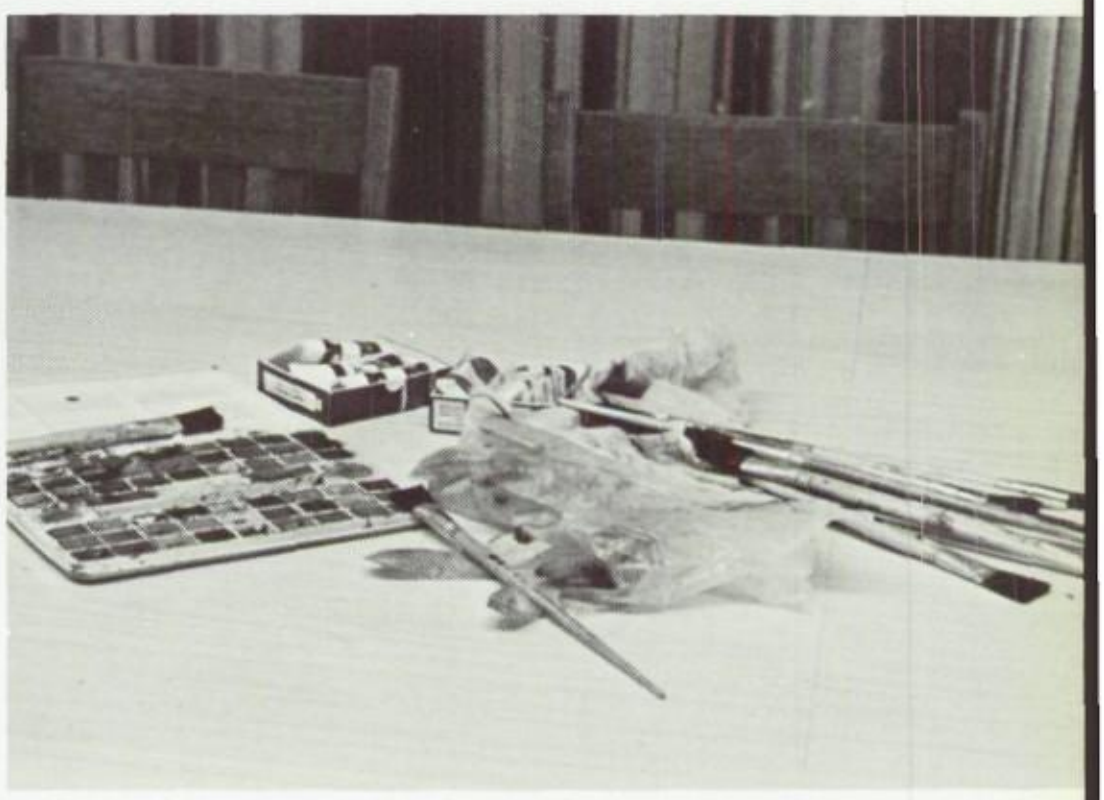


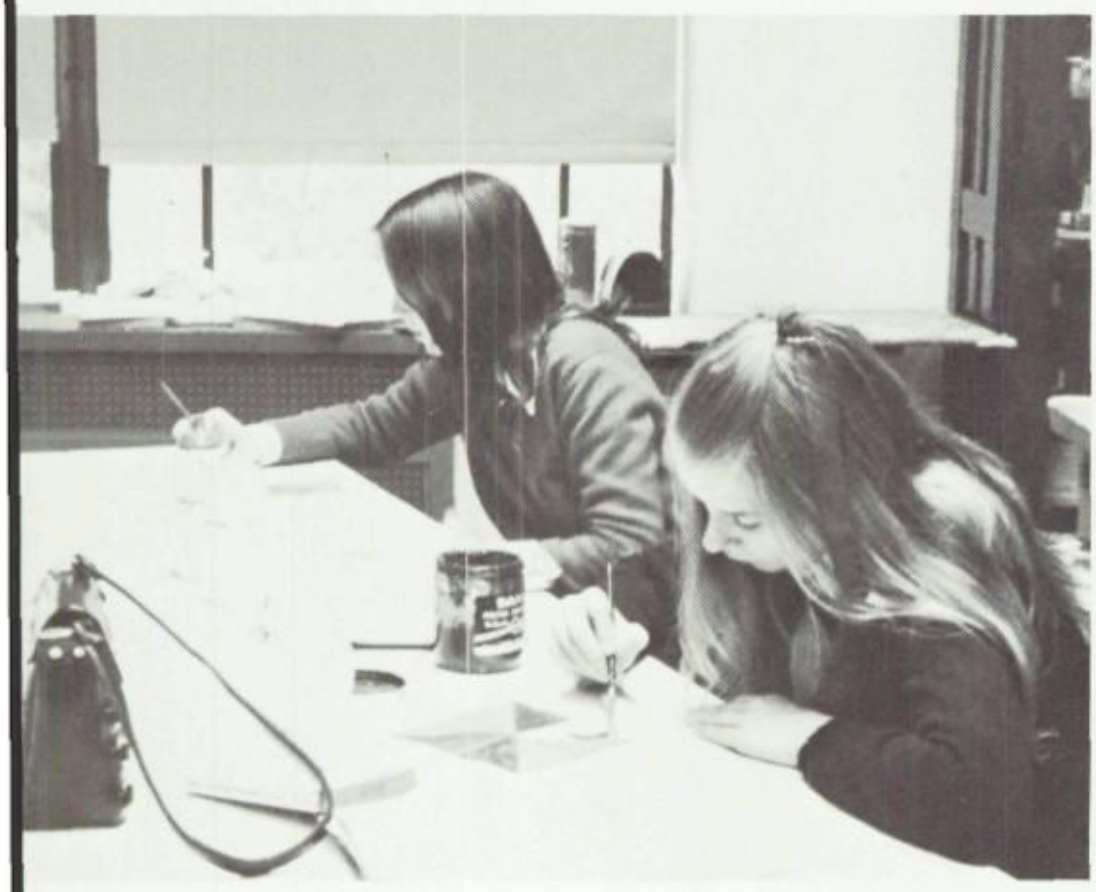
Art

Through the Art Program I learned much more than I had expected, mainly because we covered so many different projects.

Not only did Sister Laetitia cover many projects, but she taught them all completely so that they wouldn't be easily forgotten.

Carol Rathman





Art? It's a chance to learn the basic techniques and dabble in your own special interest: ceramics, silk-screen, weaving, macrame. It's a chance to be creative, and express yourself to other people in a way pleasing to the eye.

Jenny Conrad

Physical Education

Gym is something to get your mind off your other subjects.

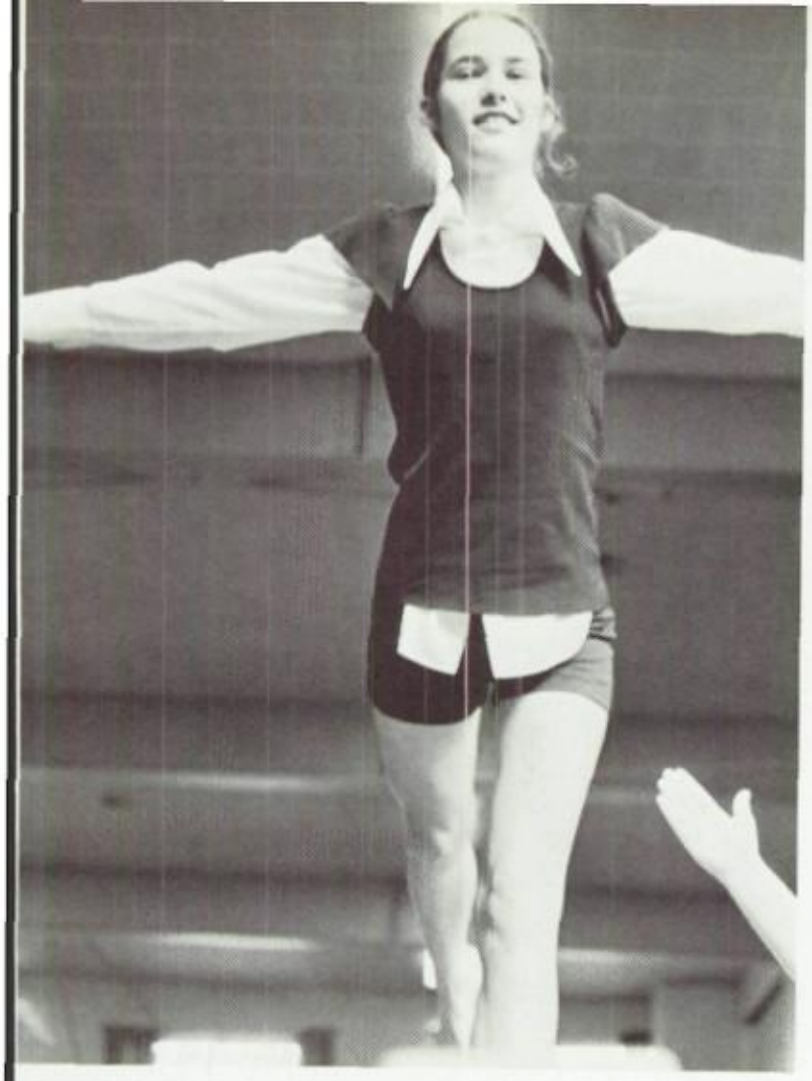
Sue

It's much more fun, because you don't have to keep quiet.

Nancy

I particularly like the gymnastics we take with the new equipment.

Pam



Mrs. Tucker is a good gym teacher. She knows what she's teaching, and she enjoys our games with us.

Karen

I really like having gymnastics and being able to play basketball in gym.

Kathy

Physical education is a lot of new and different things; not just forty-five minutes of exercises.

Cindy

This was my first year, so it was exciting. We felt very special in our long gowns, which were made possible with the help of Mrs. Meiners.

Jeanne Anderson

Chorus

It is a rewarding experience to be able to get up in front of an audience with a group and sing. Participating in concerts is a lot of fun, but also a lot of hard work.

Teri Schad

Being in Junior Chorus gives me a chance to get away from the regular hum-drum classes and do what I like to do most--SING!

Toni

The thing I like most about chorus is that we sing a lot of contemporary songs. It really helps to put me into a good mood!

Mary G.

The old people at Little Sisters of the Poor clapped and smiled and squeezed our hands real tight. They were pretty happy with our program.

Anne Marie Cooke

Business

I find shorthand and typing very challenging. These subjects take not only brains, but skill, and that's something everybody doesn't have.

Sandi

If you take advantage of the courses offered by the business department, I'm sure that you will find it easier after graduation to get a job. The skills you learn will always be useful and irreplaceable.

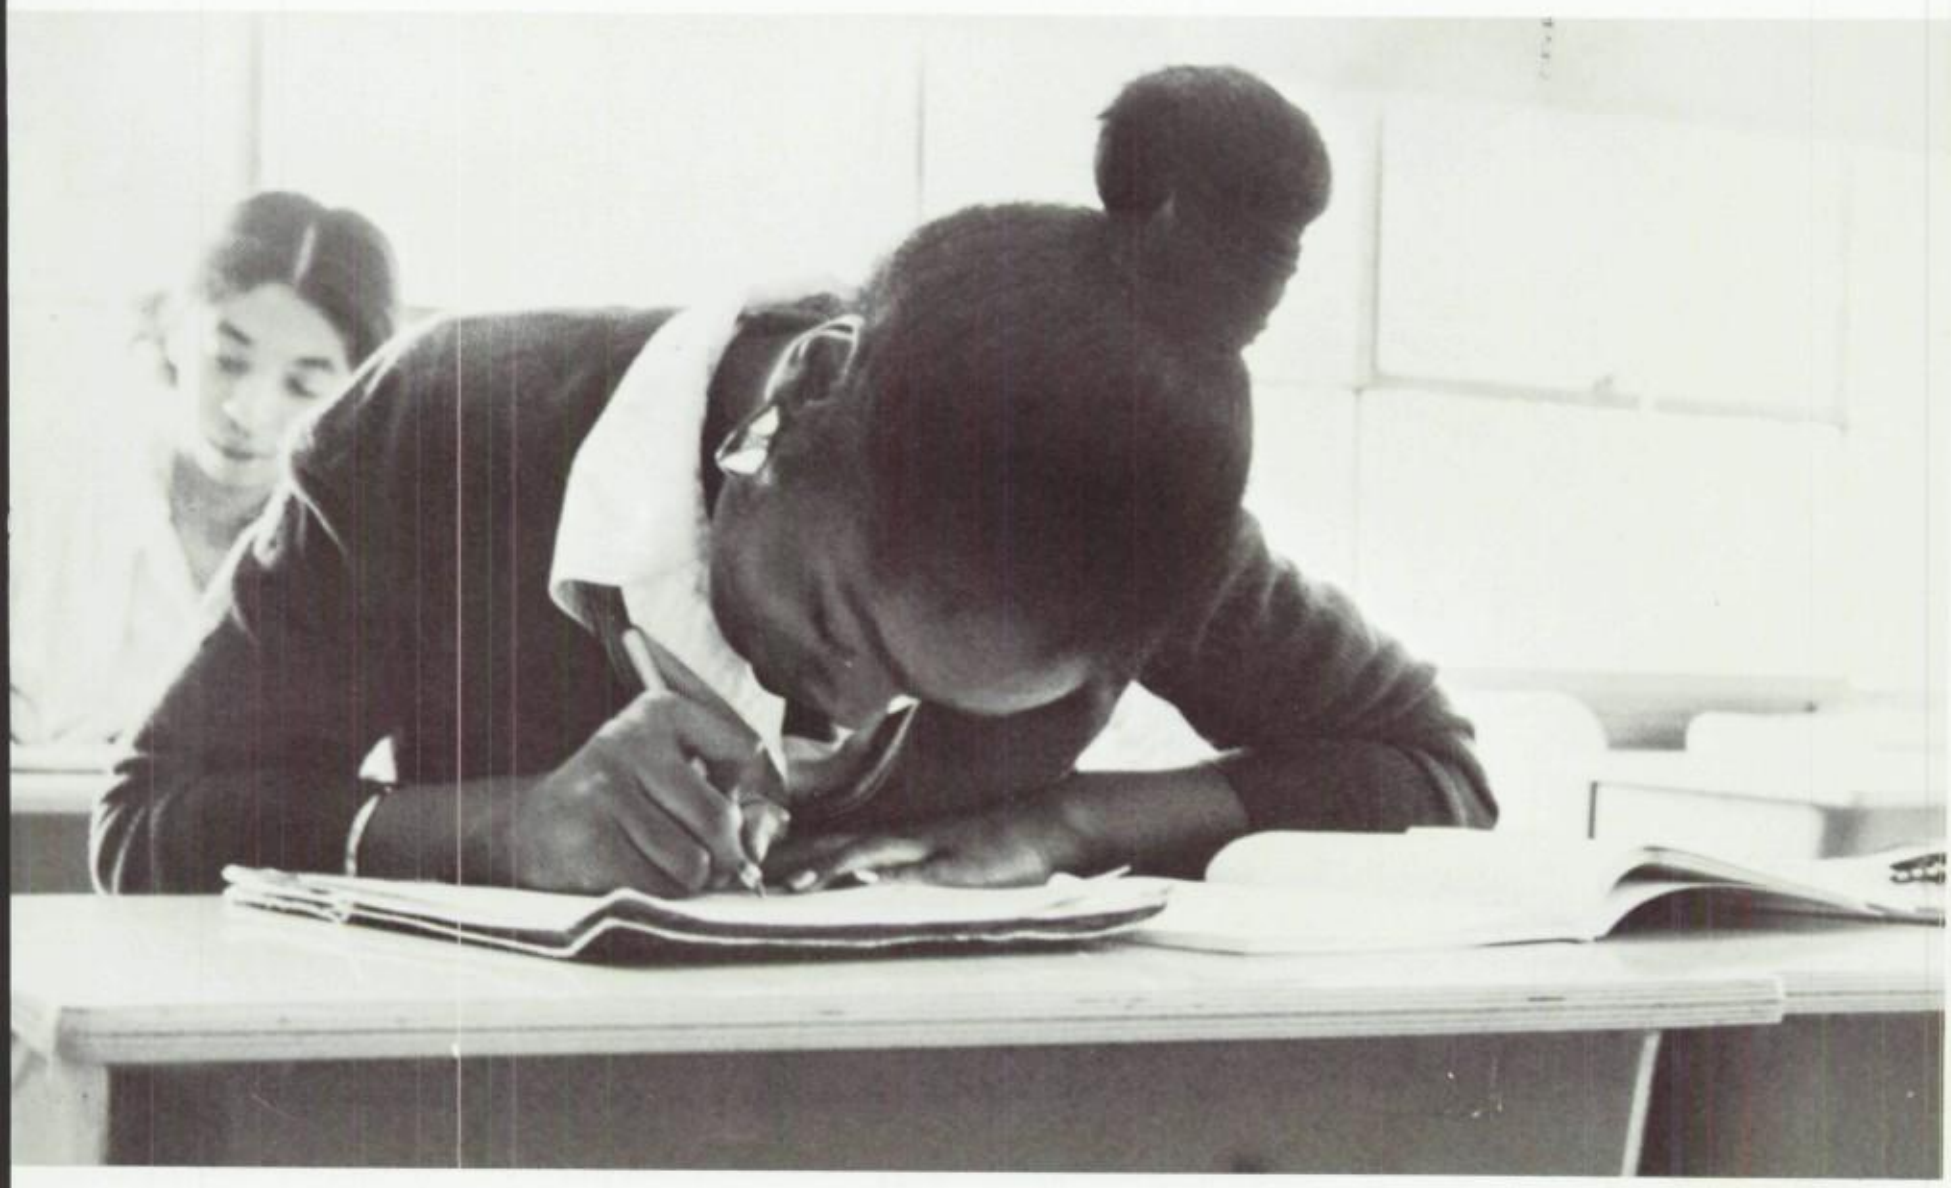
Kathy

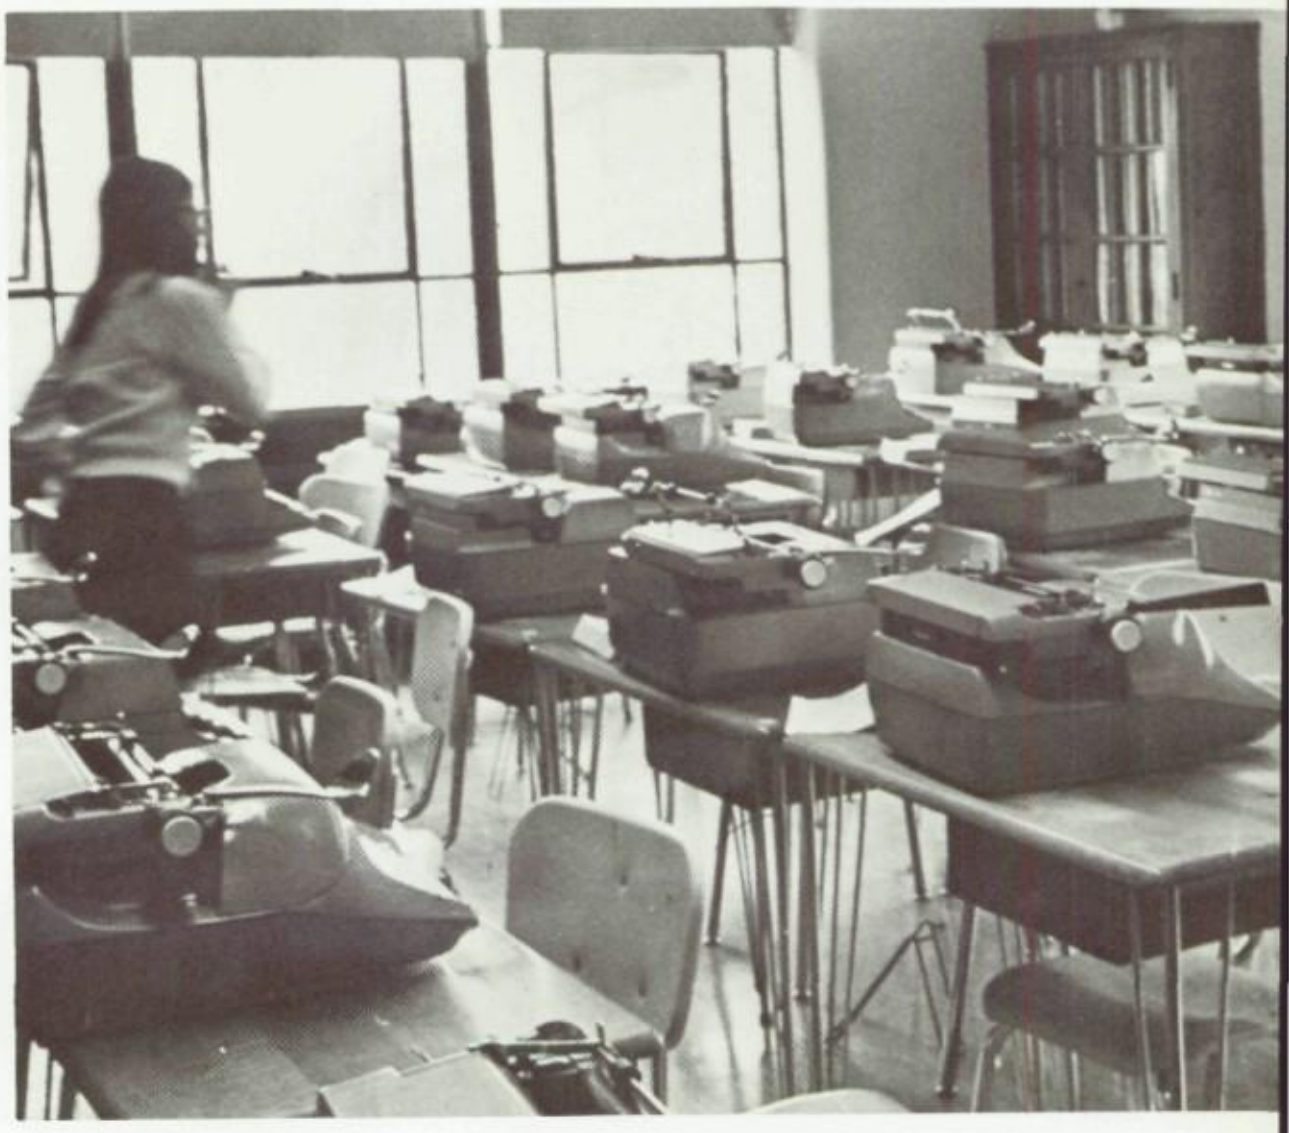
In business math we received individual attention, since the class was small. I think that helps.

Twence

I'd do all right if it weren't for the mistakes my typewriter makes.

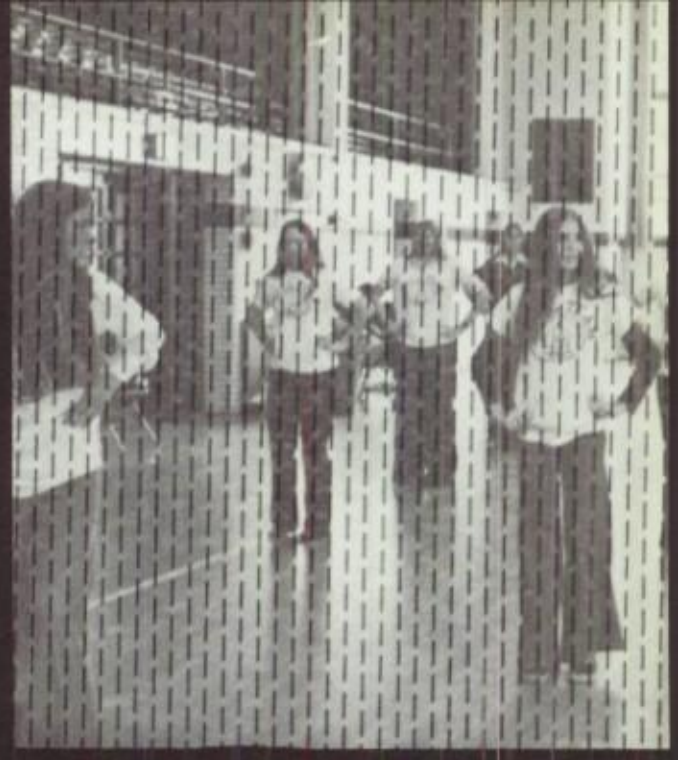
A senior

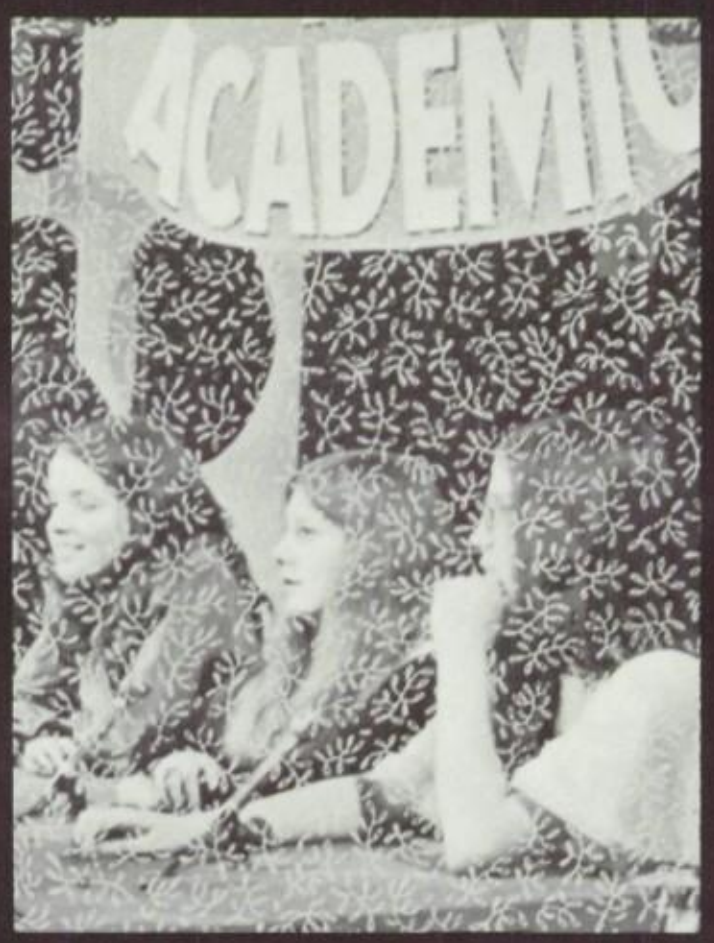




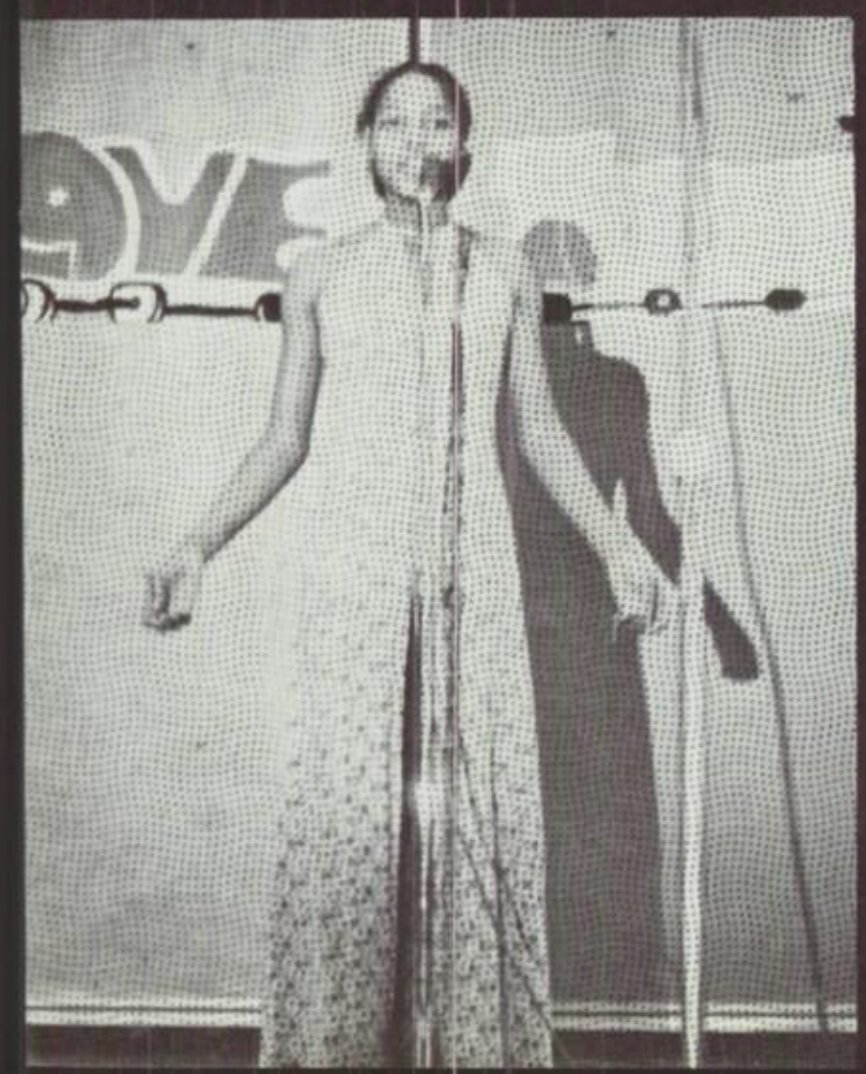
Considering the amount of use these typewriters get, it's a wonder they hold up year after year.

Nina





Organizations



National Honor Society

Only those girls who put themselves into the organization of Mini-Week can understand the work involved.

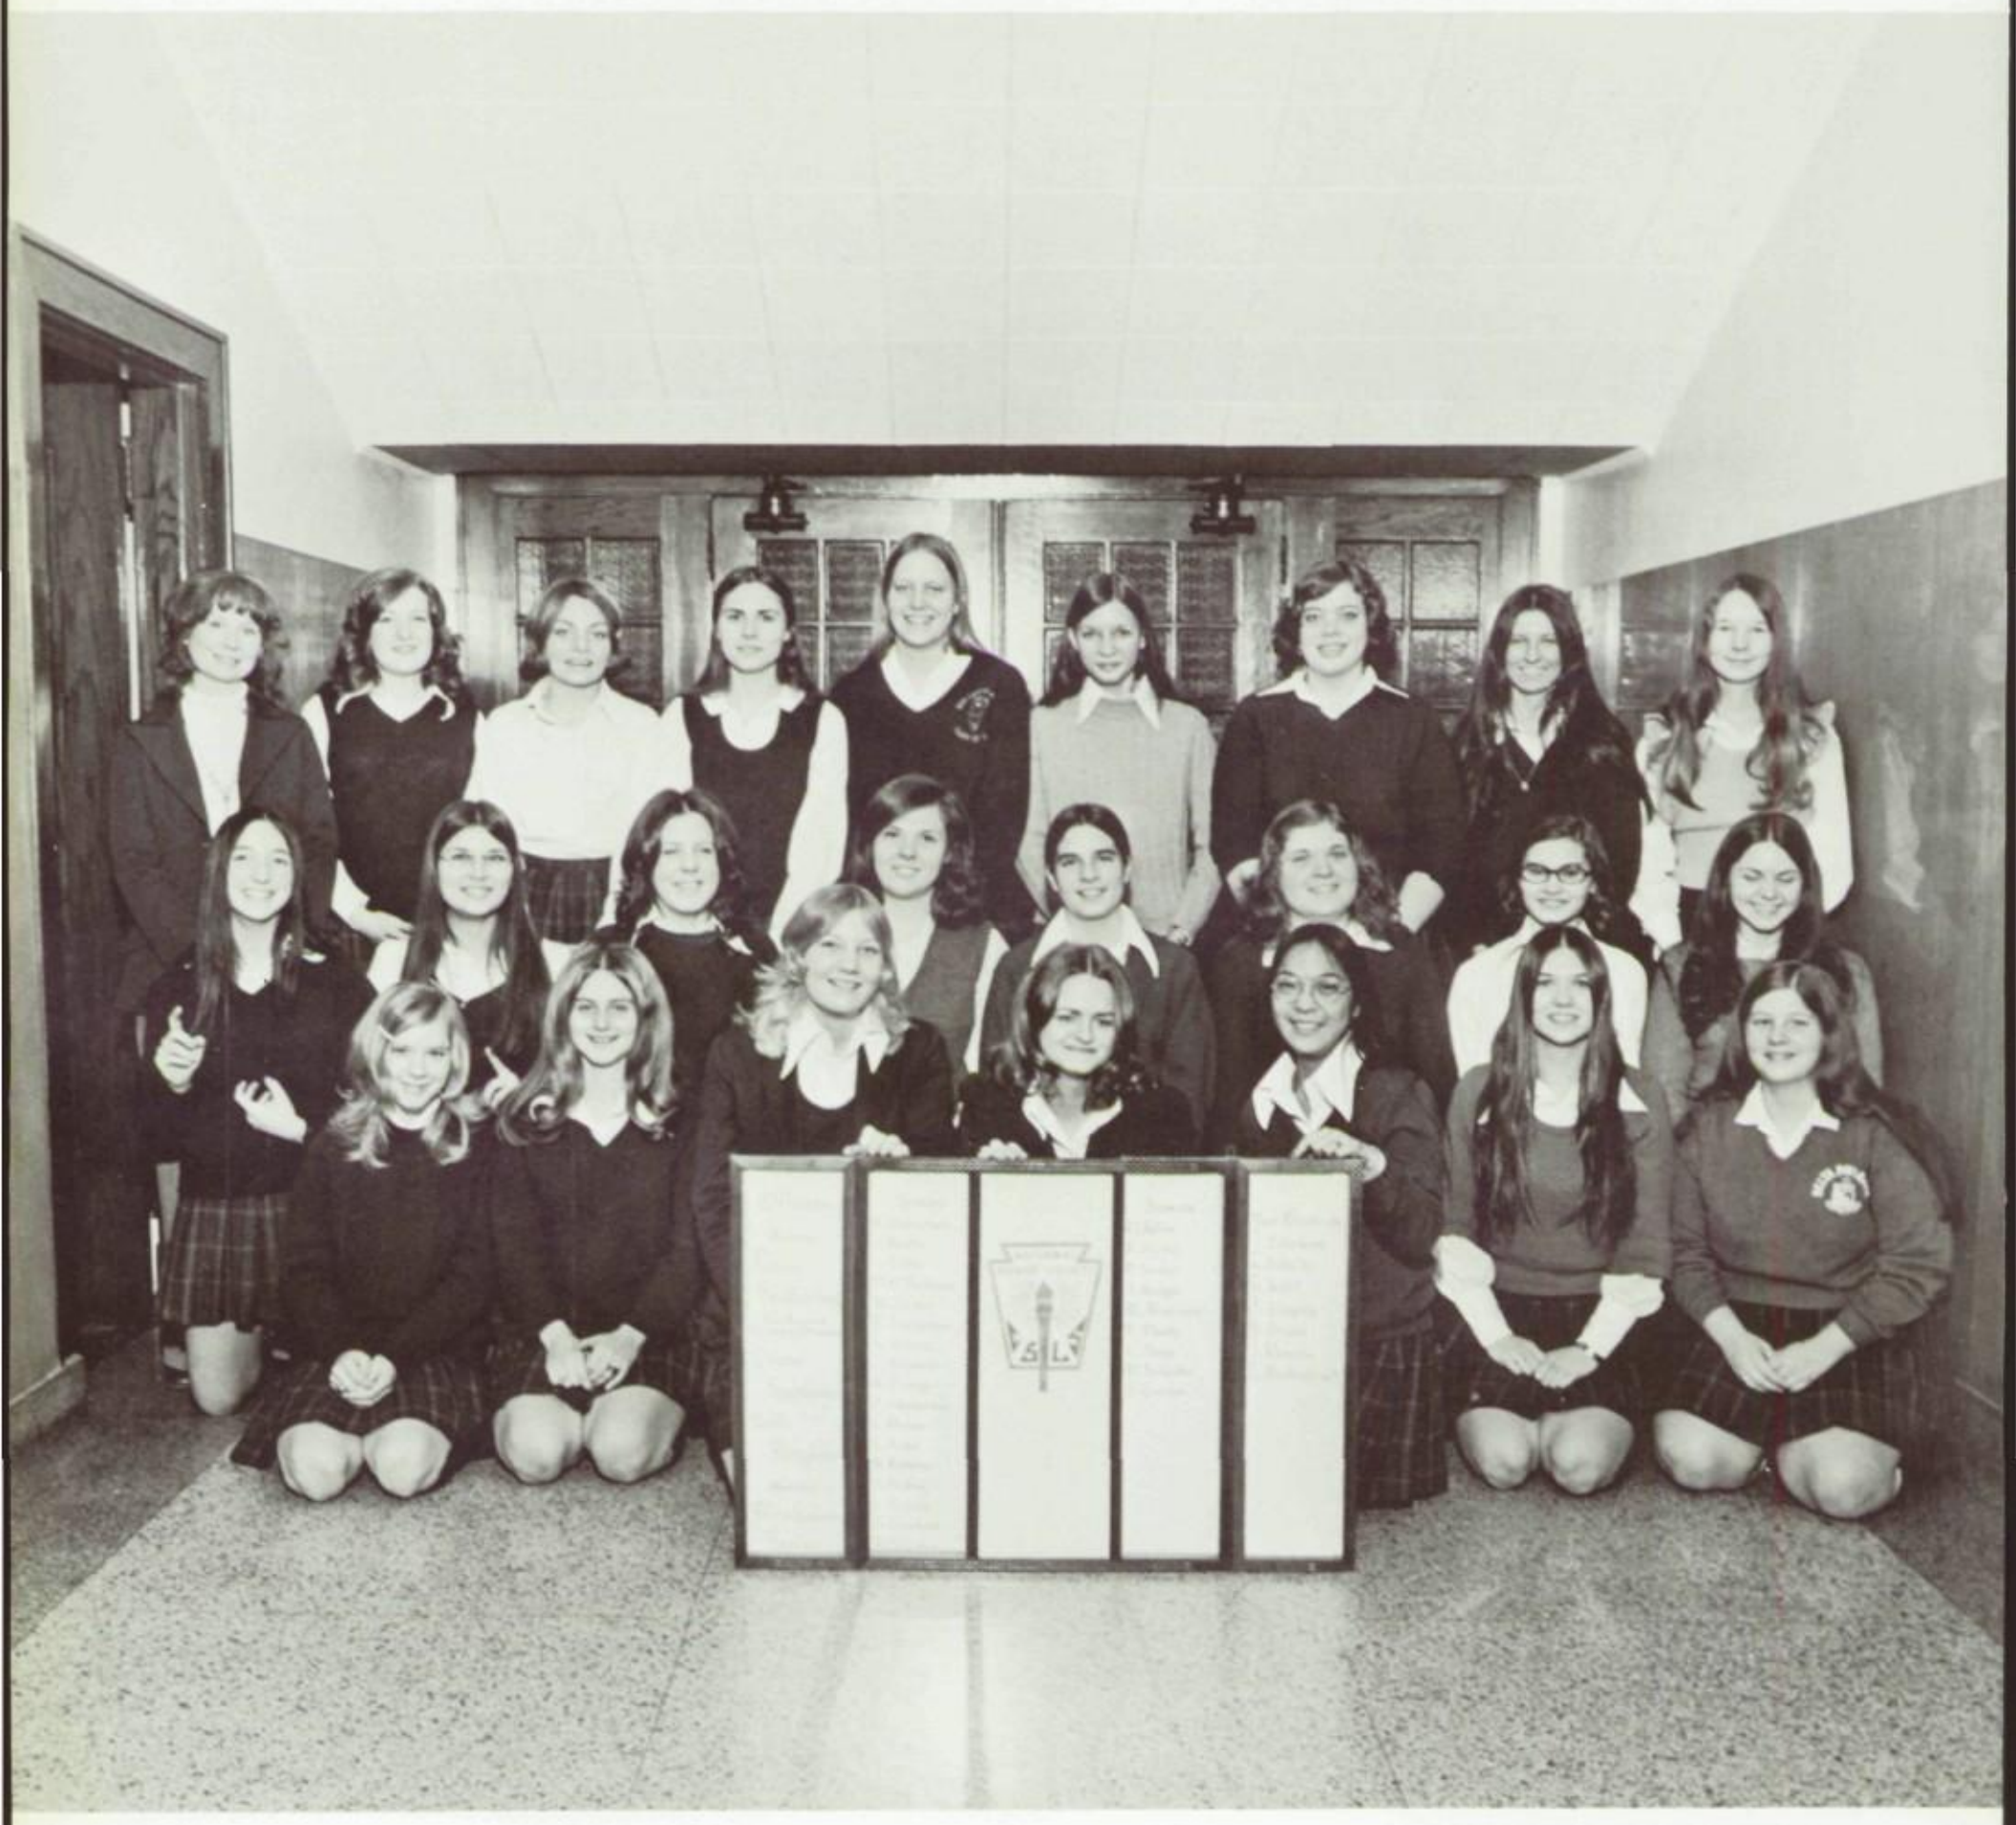
Diane Fugikawa

One of the new things we did this year was holding a formal initiation, and we hope it will become a tradition.

Mary Meiners

I thought the ceremony of initiation was especially good for incoming members. Along with enjoying punch and cookies, the vice-president told us about plans for the coming year.

Peggy Plaatje



It's the kind of organization that works quietly in the background, but when you need them you're glad they're there.

Carol

I was both honored and surprised when I received a letter from the President concerning my poem. I was grateful that he showed his concern in corresponding with me.

Janice Boehm

Red Cross

At the Beechwood Home for Incurables, we played bingo with the patients. They appreciated the fact that young people are willing to give their time to help others.

Judy Geiger

We visited the Chapter House downtown, where we met reps from other schools. Our discussion revolved about the problem of involvement.

Jo Ann Kroeger

Students Try Operation People

It's a small organization that does big things for people.

Meg Huber

One of our three parties was held at Longview. We provided Santa, presents, and music.

Tina Hauser

Gymnastic and Tennis Teams

It's a good idea. I hope it carries over to next year.

Kathy

I think they did really well for their first year here at OLA.

Karen

I hope we can interest more kids into trying out for the team next year.

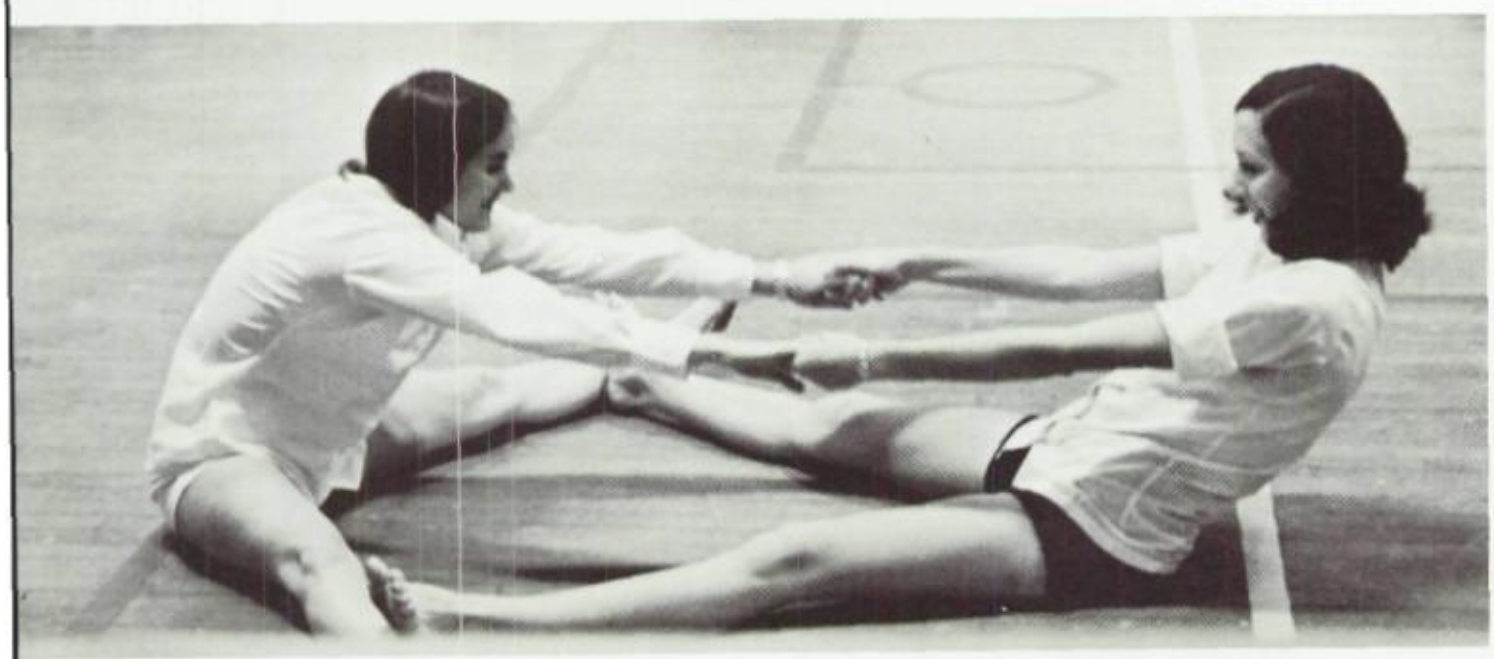
Susan

When I watch the gymnastic team, I feel so uncoordinated.

Spectator

I would be afraid to try some of the things they do. They do quite well; much better then I ever could.

Linda



They make it look so easy!

Sue

We had fun doing the shows, even though we made a few mistakes here and there. I think everybody enjoyed them.

Gymnast

Beta Sigma

"Love Train" was a masterpiece of talent. I hope that we will have another variety show next year.

Karen

Beta Sigma worked diligently to help provide for a better understanding between students, black and white.

Crystal Turner

I never would have guessed that Andrea Smith and Barb Stegemann were under those clothes.

Anne

Yearbook Staff

I'm glad I helped on the yearbook, especially in my SENIOR year. Now this book will be very special.

Tina

I was glad to be a part of the Amaranth Staff to help make my final yearbook a memorable one.

Kathy

I never realized so much work went into a yearbook. Now that I know what to expect, I am looking forward to next year.

Teri

After seeing first hand all of the work, worry, determination, and talent that went into this yearbook, there's no way it could be anything but great.

Nina

We worked hard and we're really anxious to see the reaction to our book.

Diane

The business staff worked hard and long to make this yearbook possible.

Grateful

This yearbook is evidence of a very successful Ad Drive.

Peggy

Adult Organizations

We owe them so much--more than we can ever repay.

Anne

I helped at their fashion show. It was neat!

A Freshman

It's obvious that they care about what happens to us.

Nancy

Future
Secretaries
Association
FSA

FSA

I've gotten to know more about what it takes to be a secretary through FSA. I feel it is a real advantage to anyone pursuing this type of career.

Jan

FSA is patterned after the regular NSA organization and can help a girl in getting a job.

Mary

The meetings we held weren't all business. We had fun acting out different plays about secretarial do's and don'ts. We even had a Christmas party and also went on a field trip to a local business office.

Nina

Student Council

What is Student Council?

. . . to represent each girl in her wants, needs and desires for personal growth by activities carried out through Student Council. We must work in accord with the administration, the faculty, the parents, and especially the girls. From here we receive our power--power *to build OLA by building EACH GIRL.* But we don't wish to destroy in any way the present good of OLA, only to use it as a foundation for growth.

Lisa, Bonnie, Jayne, Kim

Student Council has made great progress with the use of committees working together and delegating responsibility. Although there are some problems, Student Council is a necessary and productive organization.

Karen

Of all the things that I have done this year, I am most proud of Student Council's work.

Tina

The drill team needs a band. They would look better and become a better drill team if they could march and practice with music from a band. We could learn routines to the music of OUR band and not get interrupted by other bands in a parade.

Annette

Drill Team

With the "glint" of their trophy and the "shine" of their new uniforms the Drill Team acquired an extra sparkle this year.

Maggie Rahn

I joined the Drill Team because I wanted to represent my school outside of the building.

Joyce

Being on the Drill Team means a lot to me. We have to work hard but I love it. I made my first friends at O. L. A. at tryouts and practices during the summer.

a freshmen

Herald

The HERALD gives students the facts on what's happening at OLA as well as outside events.

A Senior

It treated controversial poll questions and editorials which really made you think.

Sue

The "Teacher Speak-Out" Column gave the students a chance to appreciate a different side of their teachers' personalities.

Linda

Student comments and interviews allowed us to voice our opinions on various topics.

Kathy

I especially enjoyed the feature articles and the editors' column, "Trivia," since they livened up the paper with humor.

A freshman

Basketball

OLA's Basketball team was tremendous for a new team. We are lucky in that we had a lot going for us; namely, Mrs. Tucker and Donna Dollman. Hopefully, next year we will be able to win the tournaments because we'll have a year of experience behind us.

Senior

HOME

McAuley - 55

It was really a great experience being able to make it to the tournaments this year. It's just too bad we didn't go all the way. But, you can't say we didn't try.

Dottie

Our team's enthusiasm and general attitude combined with a really good coach (Yea, Mrs. Tucker) who helped us get to the tournaments.

JoAnn

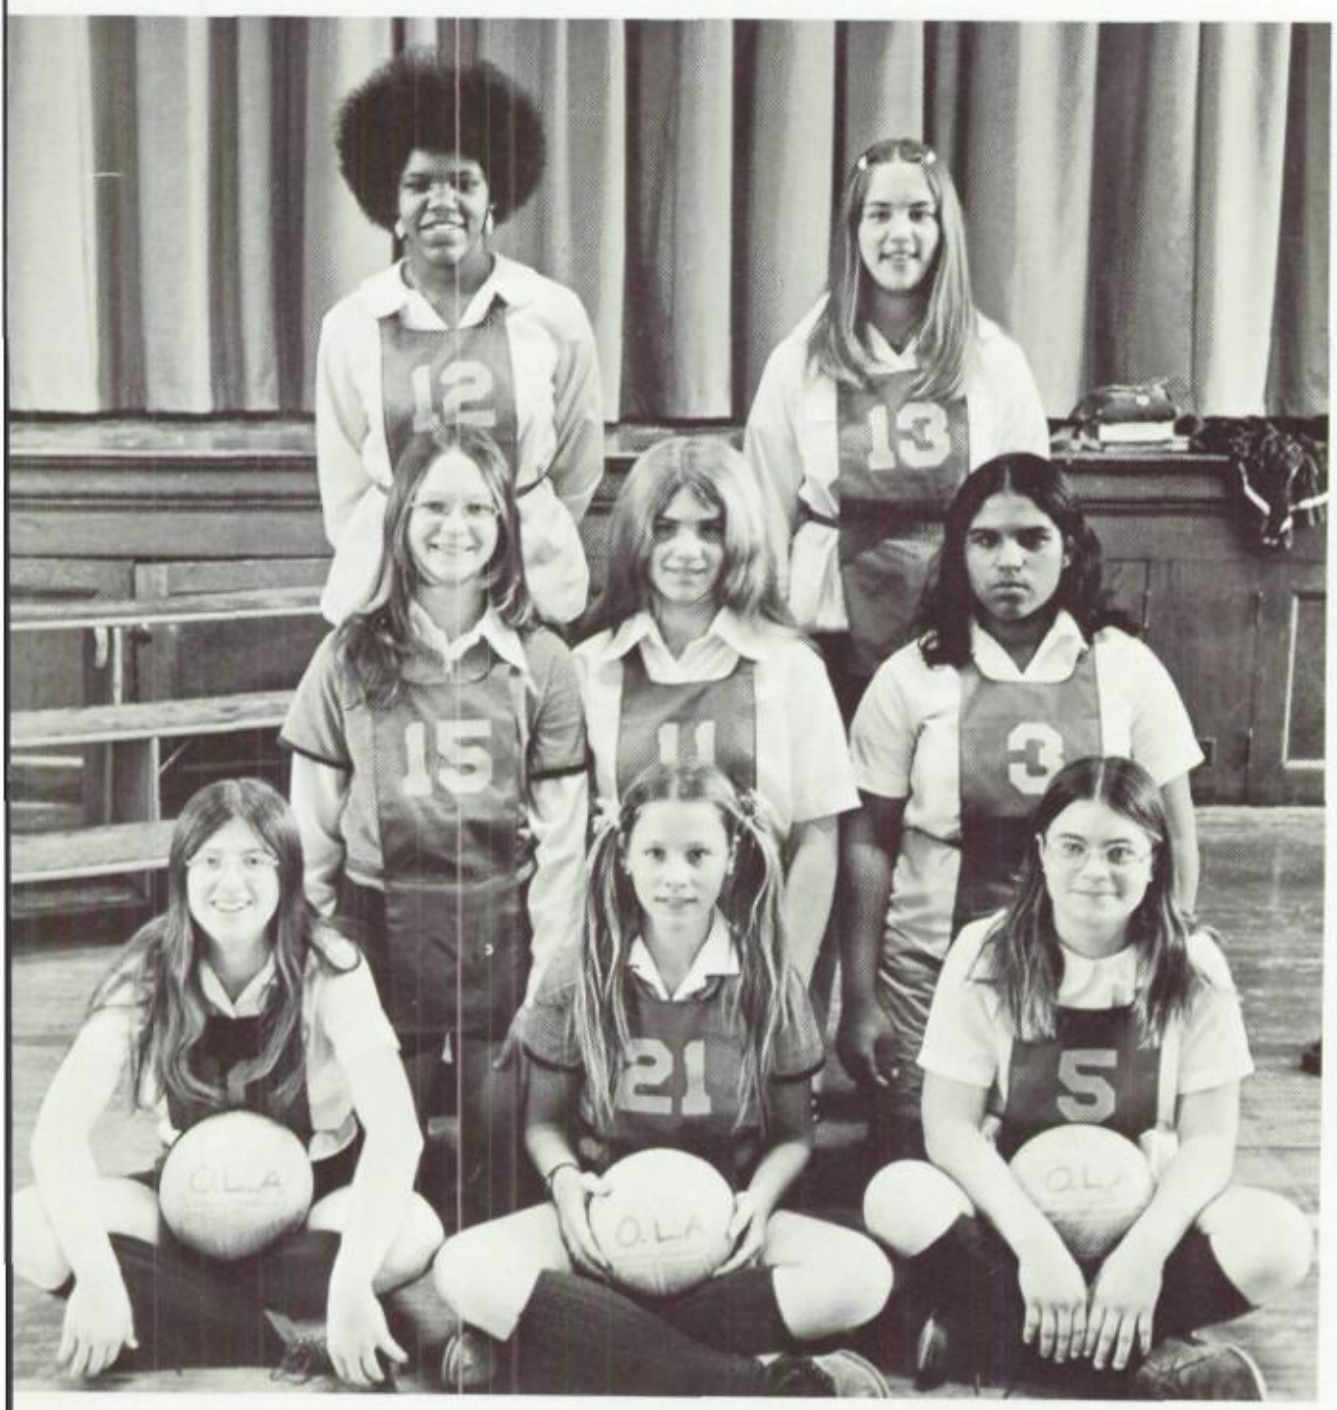
The Volleyball team this year was great! It's just too bad that we had to lose in the tournaments. Our team was really unified. We worked AS a team, not as individual players out for the glory. We could have used a little more support from the school as a whole, but we really appreciated those girls who did come to our games and cheer us on! Thanks!

Mary

Volleyball

Compared to last year's team we really had it together this year. The team as a whole was more experienced, and we had more confidence in ourselves and what we could accomplish.

D. N.



It's Academic

It was fun and a really unique experience. Under the circumstances we did the best we could.

Marilynn

My mother always wanted to see me on TV.

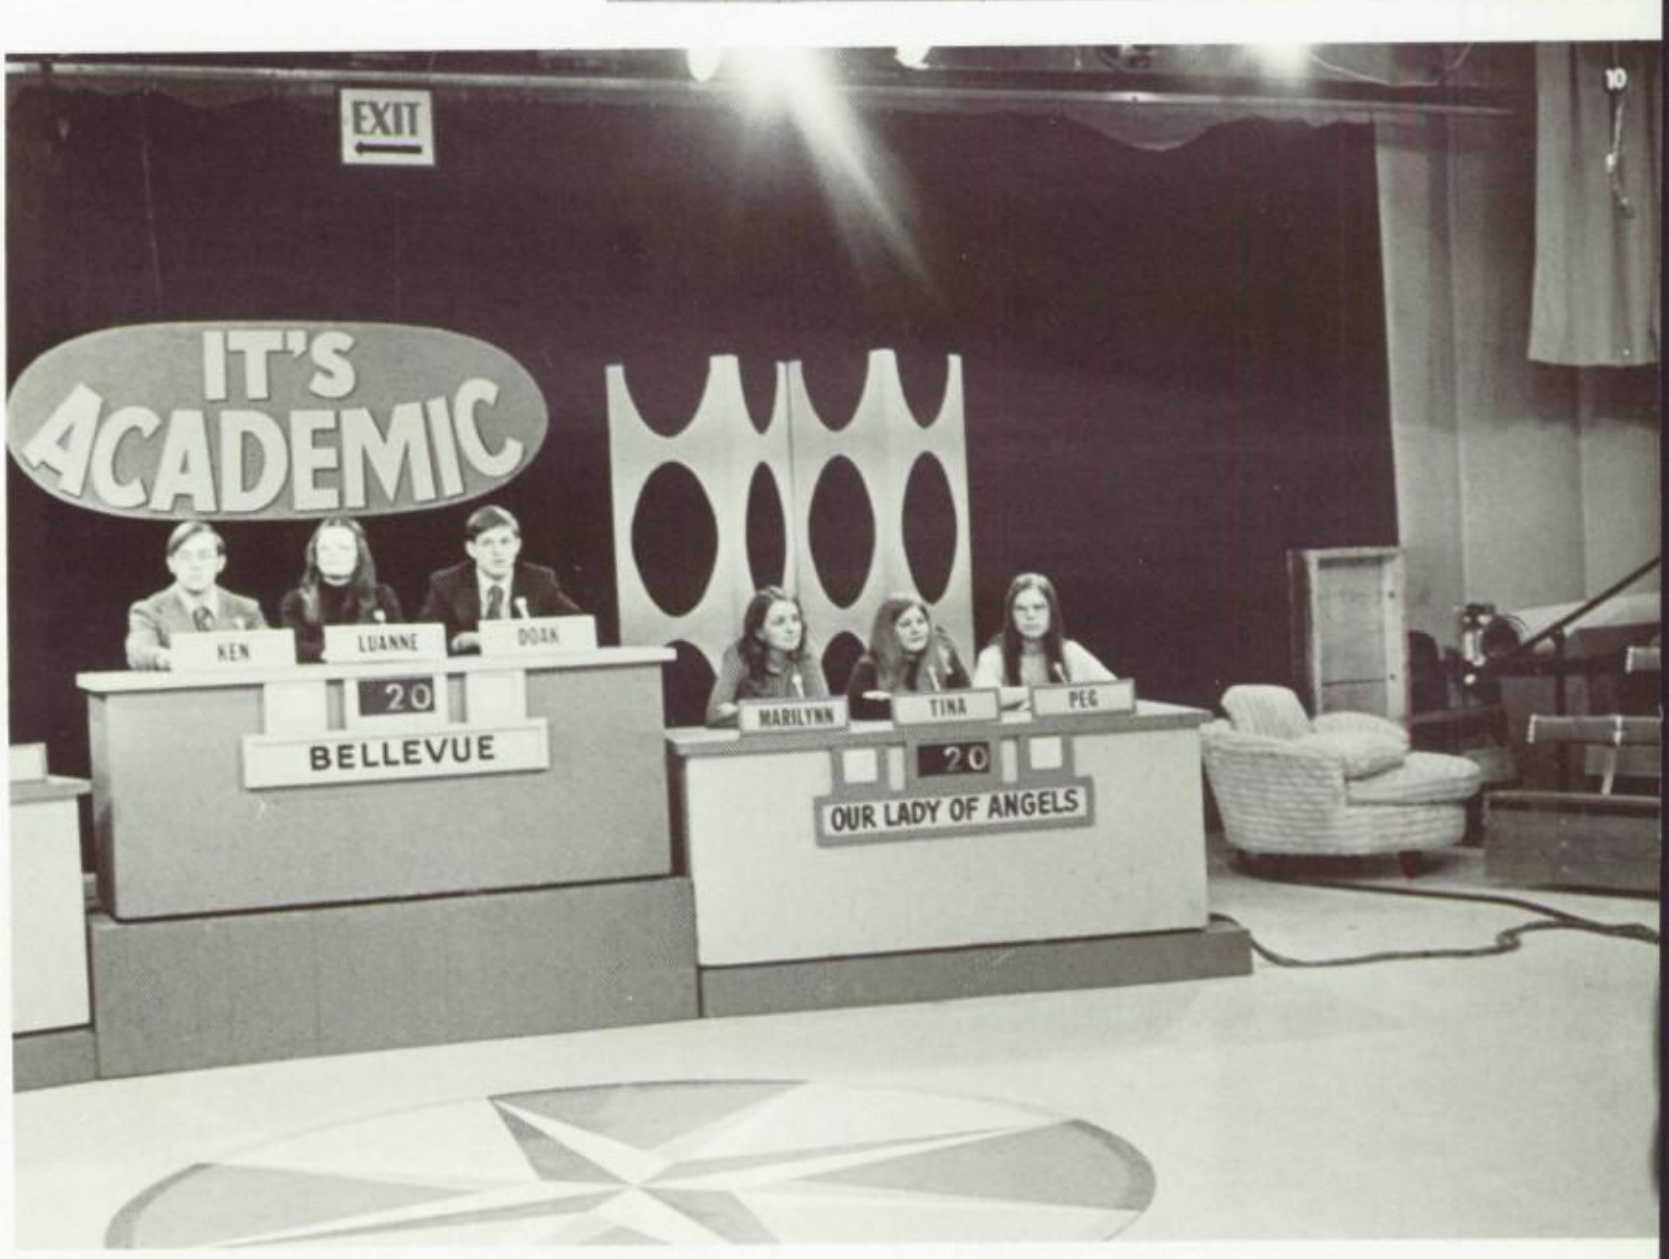
Peg

With all the practice we had, it was just a twist of fate that we lost. Better luck next year!

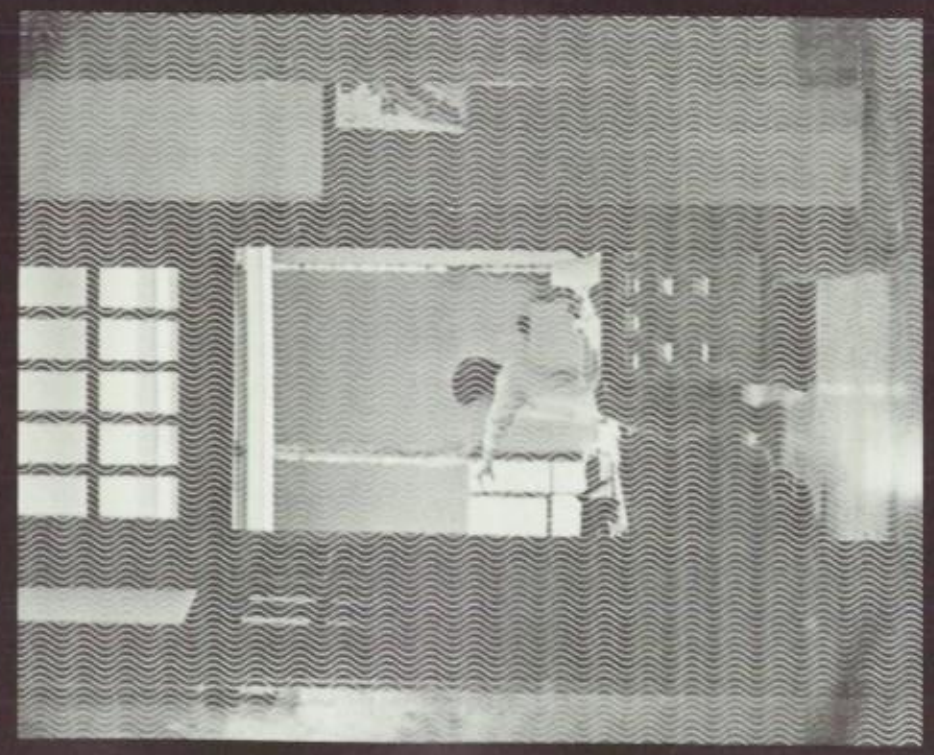
Tina

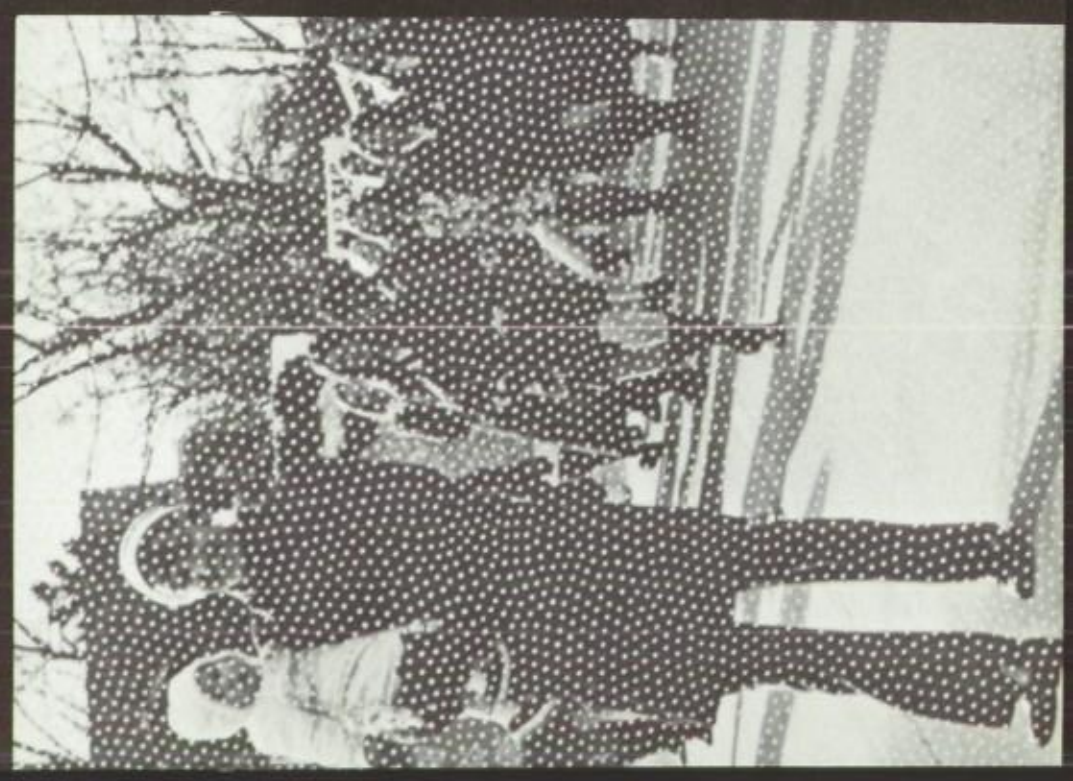
The team really worked hard and it was just bad luck that we lost.

Mary



Faculty





Administration

Many times the student body is looked upon as a reflection of the administration. The team must therefore feel proud this year as they look into their school mirror. Sister Jean Marie Cleveland, Sister Marie Kathleen Maudlin, and Mr. Robert Gorey have done the best they could, and the results are showing up now.

The members of the administration often hear complaints and the negative side of the school story. While they have their share of problems, they hopefully enjoy the appreciation of the 700 girls whom they are helping.

In this regard, Sister Marie Kathleen has said, "I wish you the blessing of time-time to learn something of the beauty of God . . . Time to breathe in the freshness of nature . . . time to listen to the music of birds . . . time to see the faces in clouds . . . time to be happy."

Underclass

Freshmen

We four officers, Karen, Joyce, Kathy, and Carol, worked hard in making our freshman year at OLA a memorable one. Being a freshman meant showing class spirit and pride. We showed spirit by having our frosh dance and roller skating party, by ordering class jackets, by placing first in both the paper drives, and by coming in second in the chance drive. We showed school pride in the parade around St. Bernard.

We hope that we have made our freshman year more memorable for our classmates.

Sophomores

Mary, Teri, Peg, and I agree that being class officers was a unique experience. We feel that our class has a spirit of togetherness that few other classes ever had.

We worked hard on the drives and every girl put her heart into winning the chance drive. I just stood there kind of stunned when they made the announcement. Our overnight was a good way to wind up the year. Good Luck '75 Laurie Garavaglia

Juniors

I am very proud of our class. I feel we have accomplished a great deal in this past year: unity in our class, realization of hard work, how to have fun in the proper way, and growing together as people. I think Nancy, Kathy, Sandy and I have learned that

"You can't always get what you want, but if you try sometime, you just might find, you get what you need."

We did.

Memories of our junior year: overnight, winning the ad drive and the can drive, can get-together, can skit, Canderella, junior dance and the ring ceremony.

The Class of '73

The Class of '73

Many things which Linda, Kathy, Linda, and I regard as important, unfortunately, cannot be measured. The class of '73 has matured and grown closer this year, so that we are hardly recognizable. We're women now! No one can measure the love and good times, sadness and difficulties we've had. But we have become better people in being together. We've learned more about ourselves and our friends. We finally open the doors to the REAL world.

Come dance with the west winds and touch on the mountain tops, sail over the canyons and up to the stars and reach for the heavens, and hope for the future, and all that we can be and not what we are.

May 25, 1973

I can't ever remember our class being so excited over starting a day of school.

Karen

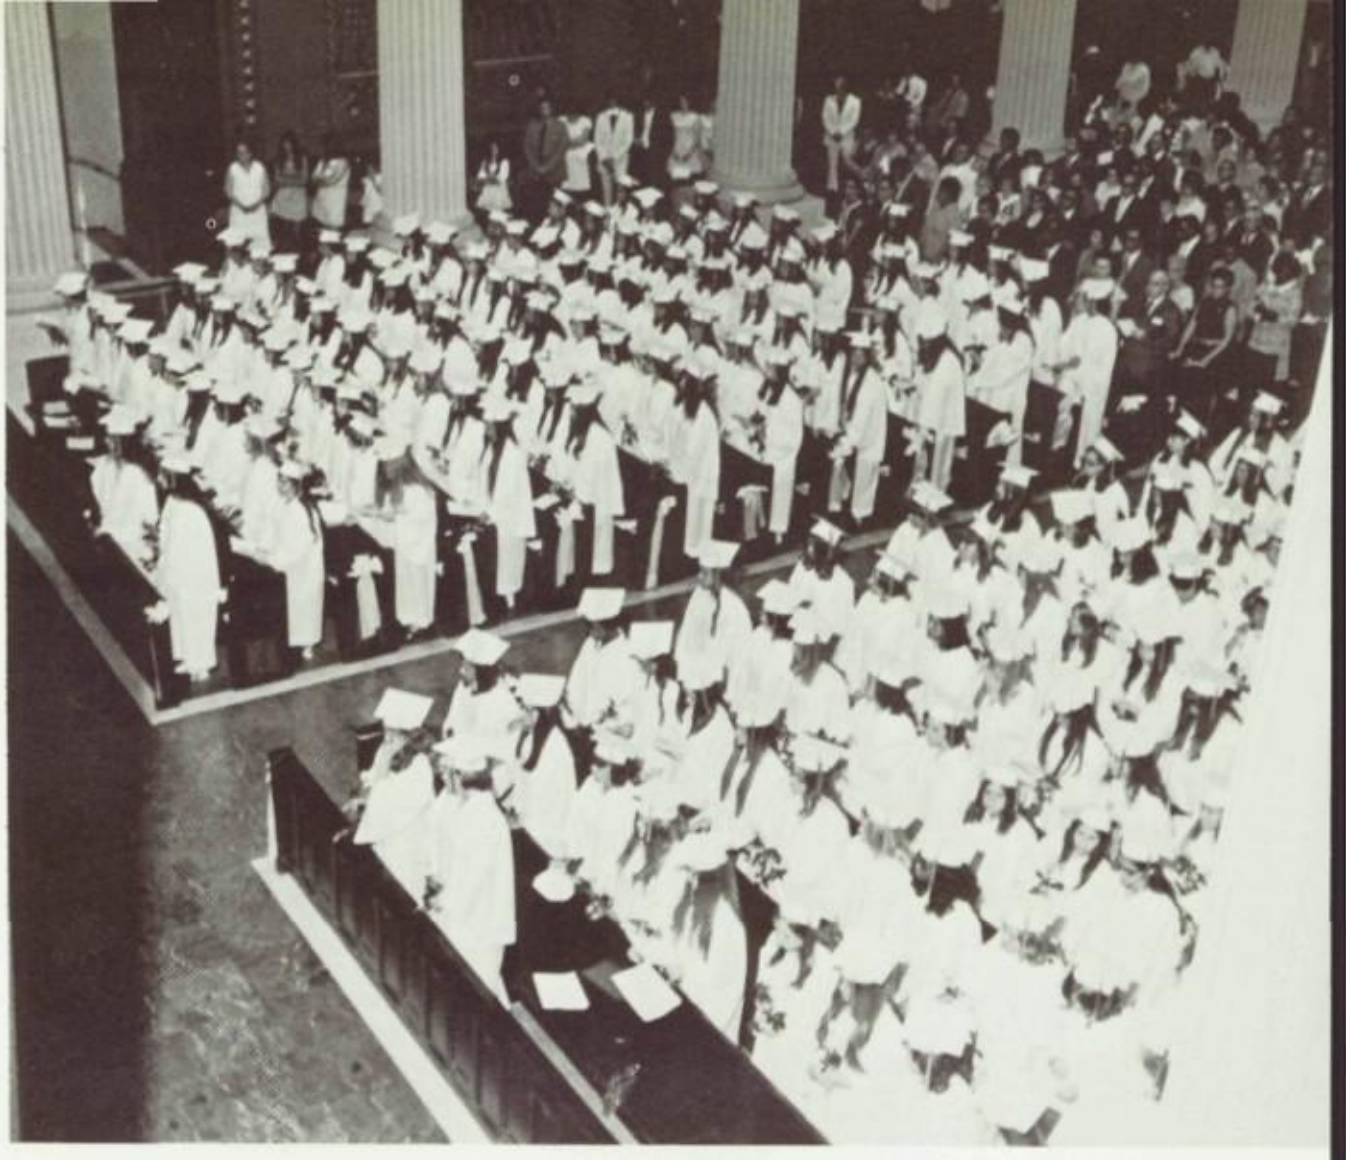
May 25 can be remembered as the day the Seniors personally awoke the citizens of St. Bernard.

Jan

Graduation Night

We grew together for four years, but our graduation night was the climax point as we sang "Turn, Turn, Turn."

Karen Eckbreth



. . . . . and finally I received my diploma!

Tina

It's a wonder that Terry, her father, and I survived the past four years.

Mom

Father Richard's poem was a pleasant surprise.

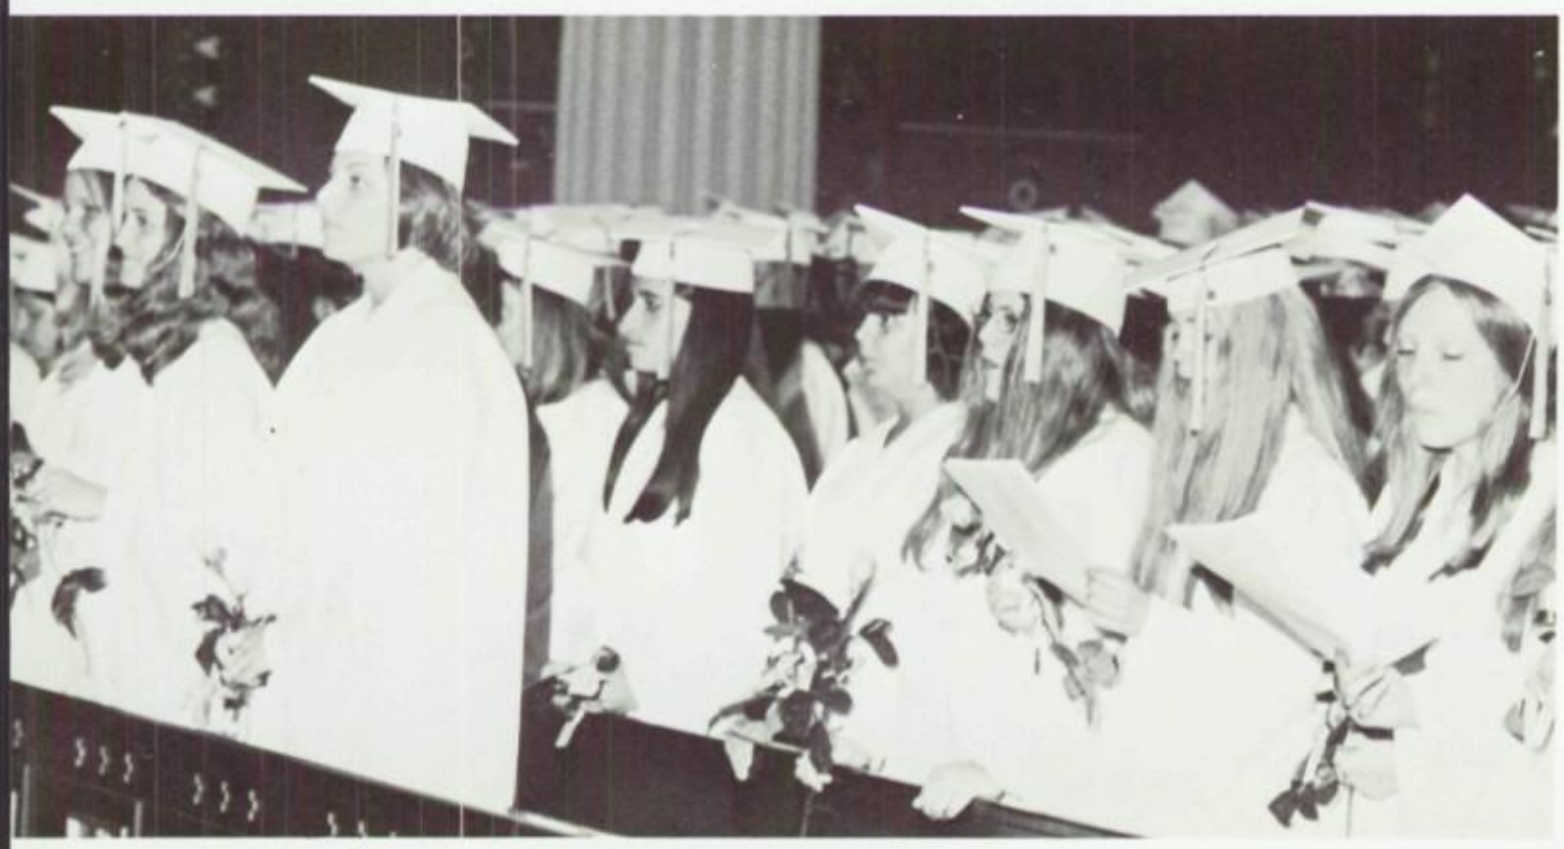
Sharon

At times we had our differences, but all in all, we learned from each other.

A Teacher

Just yesterday we had been students; now we were in the cathedral with our parents and teachers--graduating.

Jo Ann



In all that wind, I thought my rose would blow to pieces.

Betn

What a time for a photographer to show up! My hair was a mess.

Vicki

Graduation night was full of tears and laughter, song and prayer; a great combination for one memorable night.

Nina
